RELIGIOUS WAR IS FEARED  
11 MEN IN THE JURY BOX

Mohammedanism Stirred to Its Depth by the Crisis in Persia  
United States and Europe Are Both Concerned in the Outcome

WASHINGTON, Nov. 15.—A religious war, involving all the nations of Europe is predicted as the outcome of the present crisis in Persia. There is prevalent a disposition among the leaders in Mohammedanism to construe as a concerted assault upon its followers the continued attack upon Persia and the prevailing situation in Tripoli, Morocco and in some parts of India. All Mohammedanism is in turmoil and should rebellion follow in the countries where it has a foothold it would be difficult to prevent a continental war.

The ultimatum from Russia to Persia that apology must be made for the confiscation of the property of the deposed shah's brother appears to be the culmination of developments which are the outcome of the stand taken by the American financial experts who were selected by the new national government to attempt the regeneration of the finance and commerce of Persia.

It is not denied that the future of W. Morgan Shuster, and the American financial structure which he has endeavored to raise in the Eastern country, are a paramount issue, but, at this time, it appears probable that all other motives will be lost sight of in the fanatical religious war that appears to be imminent. To offset this danger will require the utmost care and diplomacy on the part of European and American statesmen.

**CAUSE OF IRRITATION.**

It is claimed here that the grant of complete executive power to Mr. Shuster, treasurer-general, did much to irritate Russia. The vigorous assertion by Mr. Shuster and the Persian assembly of the complete independence of the country and its freedom from any obligation to Russia or Great Britain has been a source of irritation to the former and of criticism from leading sources in Great Britain.

**ENGLAND CONCERNED.**

LONDON, Nov. 15.—In the House of Commons today John Dillon called the attention of the foreign secretary, Sir Edward Grey, to published statements by W. Morgan Shuster, the American treasurer-general of Persia, charging that Great Britain and Russia were obstructing his work and interfering with the independence of Persia.

The secretary promised to make the matter in a statement to the house as soon as opportunity offered.

\$1,000,000 FIRM TO BUILD HERE  
California Mail Order House Will Construct Warehouses

SAN FRANCISCO, Nov. 15.—Leases were signed yesterday for property for a term of 25 years at Session's Basin in the Oakland estuary for the establishment of warehouses of the California Mail Order House, a million dollar corporation. It is understood that within 90 days the concern will be ready for business and it is expected to prove one of the largest organizations of its kind in the country.

The articles of incorporation were filed in Sacramento last September and yesterday a meeting of the board of directors was held to bring to a head the plans for the leasing of the necessary ground. The officers of the concern are: President, E. A. Salisbury; vice-president, Dr. A. B. Taylor; second vice-president, F. S. Hudson; secretary, A. L. Reed; and treasurer, J. C. Gardiner.

Stock to the value of \$1,000,000 is to be purchased and placed in the warehouse and the corporation is to do a general merchandise business on a strictly mail order basis.

ALAMEDA, Nov. 15.—Whether or not women shall be impaneled as jurors in cases in the local police court is a question that has aroused considerable judicial controversy between Justice of the Peace Robert B. Tappan and Chief of Police John Conrad. Judge Tappan is partial to woman jurors, according to his own declarations and the chief, on the other hand, has a strong aversion to serving subpoenas on the gentler sex. Both commenced today to gather authority for their respective claims and a series of letters in each of the official office indicates that the decision will be reached for the loser in any event falling into ill repute among the aspirants for jury duty.

"I am running this court," is the stand Judge Tappan has taken. "I think that it is no more than fair, inasmuch as the women are better qualified for jury duty than men, that they be allowed to sit on a jury and if I have my way they can appear as jurors in this court."

"Well, I have to serve the summons on the prospective jurors," replied the chief, "and I don't want to have anything to do with a woman venire. So, there."

And thus matters stand. In the meantime the case of Wong Lung, accused of having sold lottery tickets on Webster street, must wait a verdict as to who shall pass upon the evidence against him.

SENSATIONS COME FAST IN MOORE CASE  
WOMAN'S STARTLING STORY RESUMED

'WHY THESE CHARGES?'

"After I had ordered Della from Mr. Moore's dressing room, I found her whispering to Moore on the porch. I asked her what she was doing and she replied: 'I was just telling Mr. Moore that it was a pleasant evening.'"

"I have never understood why Mr. Moore made those allegations about Mr. Fenwick and Dr. MacMonagle. The doctor had done Moore many services. My husband never had any special grounds for his allegations, but he continually harassed me with them."

"When Moore came home at night I noticed the odor of liquor on his breath, although he told me he never drank in town. He usually went to the pantry and took a bromo seltzer or a whisky. At dinner he would drink two or three Scotch-and-sodas. He drank a quart of whisky every two days. He used bromo seltzer every morning, and also at night, and before dinner—and he had it in his office."—MRS. J. J. MOORE, in her testimony.

**Turks Violate Rules of War; Repulsed by Italians**

TRIPOLI, Nov. 15.—Advices received from an Italian source is that attacks by the Turks on Derna and the Italian outpost at Torbuck were repulsed. Many Italians, it is said, have been wounded by bullets and heavier projectiles, which had been purposely misshaped in violation of the rules of war.

**d'Abruzzi Objects to Press Reports**

(By DUKE d'ABRUZZI.)

ROME, Nov. 15.—My indignation at the libelous accusations leveled against the Italian troops in certain newspapers is unbounded. As a matter of fact, their treatment of the Arabs was humanitarian to an extreme degree. Their very kindness to the Arabs was the cause of their undoing.

The conduct of these Arabs in turning on Italians and trying to massacre them after having been received and succored on terms of friendship and equality was nothing less than base treason. I hope the Hearst newspapers, with their acknowledged sympathy for all people who are engaged in fighting for a cause of justice and truth, will place these facts in their true light before the American people.

**U. S. Troops to Be Sent to Seaport**

WASHINGTON, Nov. 15.—The state department has practically decided to send a regiment of troops from Manila to Chin Wing Tao, a seaport in China, about 250 miles from Peking, on the Gulf of Pechi Li. The purpose is to perform an international duty under the Boxer treaty in keeping open the line of communication between Peking and the sea.

**Fair Complainant Avers There Was Little Good in Nature**

REDWOOD CITY, Nov. 15.—Continuing her testimony of yesterday, Mrs. Lillian L. Moore, who is seeking a divorce from J. J. Moore, took the stand this morning at the beginning of the second day of the sensational divorce trial. Yesterday's startling testimony resulted in a crowded courtroom today and many women were among those who eyed the fair complainant.

Mrs. Moore was cross-examined by Attorney E. B. McClanahan.

"Isn't there a brighter side to the very sad story you told us yesterday?" he asked.

"No," responded Mrs. Moore, "life has been very unhappy for me for a great many years. It has had very little pleasure or enjoyment. It has been merely existence in which I tried to get along as best I could."

"Was there no good at all in your husband?" wasn't there a better side to his nature?"

"He was possessed of a pleasing manner with other people. He made a good host. But with me he had no affection, and he has wanted to be rid of me for a long while."

**EMOTIONAL NATURE.**

In response to numerous questions, the witness declared that she had not much of an opinion of her husband's generosity, explaining that a diamond star which he had given her when she was ill was not a mark of affection, but merely given for the purpose of impressing outsiders. She admitted that he had an emotional nature, but denied that it was tender or affectionate.

She declared further that she had never heard her spouse say anything good about any woman behind her back, but had attacked her own friends and other persons. Continuing, the witness related that she had suffered much cruelty at the hands of her husband; that her nerves had been racked and her health upset and that she had been forced to see physicians regarding her condition.

GEORGE H. DICKENSON IS JAILED ON CHARGE OF EMBEZZLING BIG SUM

Optical Company Accuses Popular Employee, Who Confesses Appropriating for Own Use, Close On to \$1000

SAYS THAT HE LIVED BEYOND HIS INCOME

George H. Dickenson, society favorite and club man and recognized as one of the most expert opticians on the Pacific coast, was arrested this morning and booked on a charge of misdemeanor embezzlement on the complaint of C. L. Hogue, secretary of the California Optical Company of 1115 Broadway, Oakland, and of San Francisco. It is alleged that Dickenson has embezzled over \$2000 in small sums from the company, and in his written confession he admits taking close to \$1000.

"I was living beyond my means," said Dickenson this morning. "I could not live on the salary I made, and it was so easy to take the money. At first I thought I would return it, but the sum mounted so high that I could not carry out my intention."

Mrs. Dickenson is at the pretty cottage at 308 Fairmount avenue, which has been the home of the young society couple for the past two weeks, and is prostrated with anxiety over the arrest of her husband. Dickenson and his wife were members of seven well-known social clubs and several dancing clubs, and the young woman is said to have some of the blame of her husband's downfall upon her own shoulders.

**PRESIDENT PUZZLED.**

Inexplicable shortages and discrepancies in the accounts of the Oakland department of the California Optical Company puzzled W. D. Fenwick, more, president of the company, and after a consultation with C. L. Hogue, the secretary of the concern, the police were asked to investigate.

Inspectors Richard McSorley and T. J. Flynn were detailed on the case by Captain of Inspectors Walter J. Petersen, and the two detectives set to work to trace the shortages to some employee of the company.

They soon found that while Optician Dickenson was receiving a salary of \$150 a month and had been promised a raise of \$25, to take effect about Christmas, he was apparently living on a much higher scale than this salary would warrant. With his beautiful young wife, Dickenson, who is a man of pleasing presence and brilliant attainments and is about 30 years of age, had the entire into the best society in Oakland.

The young couple possessed a pretty cottage in the Piedmont residence district, and many were the small but select receptions and dinner parties held there. These were interspersed with theater parties and dances, as Dickenson boasts of membership in a prominent local lodge, and in at least seven dancing clubs and social organizations.

**GOWNS ARE ENVIED.**

Mrs. Dickenson was known as a beautiful woman, who dressed in a way that created envy at dances and receptions. She was recognized as one of the best-dressed women in the social circles which welcomed the young couple.

These things led the inspectors to suspect Dickenson, and after making a cursory examination of his books and the accounts of the Oakland office, they felt so sure that he was responsible for the peculiar shortages that had been occurring that he was taken into custody. Held in detinue, Dickenson was questioned as to his actions during the past two years, and at first admitted that he had been living beyond his means and that he was in debt. At last he broke down and confessed to having embezzled small sums from day to day for many months past, the total pecuniations admitted by the young clubman amounting to from \$500 to \$1000. The representatives of the company who have been engaged in expediting the books claim it will amount to over \$2000.

**SUMS ARE SMALL.**

Dickenson was formally charged this morning, two misdemeanor embezzlement complaints being sworn by Secretary C. L. Hogue of the company. It was found that in no single instance had he taken a large enough sum to bring the case within the provision of the felony statute. Failing to raise bail, Dickenson is still at the jail.

Lad's Mangled Body Is Propped Against Curb

Small Boy Is Found Dead, His Back Broken and Skull Fractured.

NEW YORK, Nov. 15.—Boxing enthusiasts hurrying through the first snowstorm of the season on their way home from the Leach Cress and Tommy Maloney bouts here late last night saw a small boy seated on a pile of building material beside the curb. Someone shouted to him the warning that he would freeze to death there, and when they did not answer a man climbed on the pile and found the lad dead. His back was broken, his body crushed and his skull fractured. The police believe he was run down by an automobile and that the guilty driver propped the mangled form up against the lumber and drove off without so much as calling aid.

Americans Threatened When Troops Withdraw

EL PASO, Texas, Nov. 15.—The withdrawal of 800 federal troops from Torreón, Mexico, leaves Americans there in great danger, according to a telegram received today by a local business man. The thousands of native strikers in Torreón are declared to be violently anti-American in sentiment. It was at Torreón that the massacre of Chinese occurred during the rebellion against President Diaz last winter. One of the grievances among the more ignorant of the peons was that nearly all executive positions in Mexico were held by Americans.

Girl Who Shot Rudolph Turns on Gas and Dies

LOS ANGELES, Nov. 15.—Protesting her love for the man she had sought to kill, Joanna Rascoff, a young restaurant cashier, who wounded William Rudolph, a cafe proprietor, with a revolver two months ago, committed suicide in her room today. She turned on the gas. The girl left three notes. One addressed to Rudolph said: "You may live now, but I could not live without you." To her sister, the girl wrote that she was dying because she might try again to kill Rudolph if she lived.

Tennessee Man Shot by Enemies; Posses on Trail

CHATTANOOGA, Tenn., Nov. 15.—President W. E. Brock of the Chamber of Commerce was shot and painfully wounded today while on his way up Missionary Ridge. Four charges from shotguns were fired at him, many of the shot taking effect in his head and back. His automobile was literally riddled. Posses are searching for four men, each with a shotgun, seen on the road.

## A VALUABLE SUGGESTION IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisonous and waste matter from the system by filtering the blood. During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water, and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention the Oakland Daily Tribune.

## MANY PRIZES AWARDED FOR ART

American Work Best, But Is Barred by Closing Pavilion.

ROME, Nov. 15.—The grand jury at the International Art Exposition, to which is entrusted the final award of prizes, decided today ten grand prizes for paintings and sculptures, eight grand prizes for workers in black and white and many second prizes. Four of the eleven jurors are Italians.

The American artists were deprived of recognition because they were excluded from the competition by the closing of the American pavilion when the insurance was permitted to lapse on October 31.

It is agreed that if the American works had been judged, John Singer Sargent would have received a grand prize, while the white and black work of Jessie Wilcox Smith, Elizabeth Shippen Green and Jules Guerin and the McGlaughlin and Webster exhibits of etchings were the best shown.

Rumor Also Has It That John J. McNamara Will Be Witness for Brother in Los Angeles Case

In the jury box when court convened today were:

Robert F. Bain, F. D. Green and Byron List, permanent jurors. Clark McLain, bank teller. Arthur Gribbling, retired harness-maker; J. E. Sexton, rancher and real estate dealer.

Brewster Kenyon, real estate dealer. T. J. Green, stock raiser. Willet Brunner, locomotive engineer.

T. H. Elliott, no occupation. William J. Andre, carpenter, all passed for caused by both sides.

M. W. Corcoran, farmer, passed for cause by the defense, but under examination by the State.

GREEN EXCUSED.

When court opened at 10:20 a. m. T. J. Green was excused because of intermittent physical disability. He shook hands with all the jurors as he left.

Veneman P. Earl Alderson was excused, the absence of his name from the county assessment roll debaring him from jury service.

L. S. Gilhousen, who on preliminary examination told Judge Bordwell that he was opposed to indictment of the death penalty, was called into the box and reiterated his position.

"I would not hang a man for anything," he said, and was excused. He was replaced by T. H. Heath.

Examination of T. J. Green was resumed by the State. In giving his views on the cause of the disaster, "I read first that it was gas and then again that it was dynamite. I think now that perhaps some high power explosive did it."

AGE TOO GREAT.

In the midst of the examination Judge Bordwell interrupted, saying he was replaced by T. H. Heath.

"But we have T. J. Green in the box, who is 75 years old, and Corcoran is only 68. He has the appearance of health, too," protested Attorney Darrow of the defense.

"Well, I don't think he should serve," replied Judge Bordwell, smiling. "We won't discuss that matter further."

Dennis Bennett, 74 years old, another white-haired taleman, took Corcoran's place in the box, while T. J. Green went on the stand for examination by the defense.

T. J. Green went on the stand for examination by the defense. T. J. Green went on the stand for examination by the defense.

"None, whatever."

"Was there any particular feeling or prejudice in County Kent against the Irish when you left the jury?"

"No, I never knew of any there."

Heath said he could give McNamara the presumption of innocence. He was passed for cause by the defense.

S. L. Vermylen, of the State, proceeded but a little way in his examination of Heath when court recessed at noon.

## NEWSBOYS TO BE GUESTS OF TRIBUNE AT ORPHEUM

Paper Merchants Will Make Welkin Ring at Theater November 20, When They Will See Great Vaudeville Program

Hip! Hip! Hurray! There's joy in the hearts of THE TRIBUNE'S newsboys, and all because they are going to the theater. The time of their big treat is near at hand, and great is the joy thereof.

For be it known to all people that on next Monday night, November 20, newsboys and carriers who see to it that THE TRIBUNE each day gets to its ultimate destination, the reader, will be the guests of the paper's management at the Orpheum, that house of mirth where the "glooms" are never known. Half a thousand of the boys will be there, and if the "joys" do not reign supreme, well, it will be hard to tell the reason why.

Each year or thereabouts the boys have such a treat in store for them. Sometimes it's one theater, and then again it's another, and the occasion is one to which the boys, younger and older, look forward for months beforehand, and are abed for months after, almost until they begin planning and hoping for the next theater-party.

How those boys do enjoy it! It's really a sight for blisse theater-goers to see the sheer, downright pleasure the youngsters get out of the life and gaiety behind the footlights, which is to altogether too many of them almost the only joy they see.

WILL BE EVENT.

Among them are fellows whose earnings by selling THE TRIBUNE on the city's streets are their only means of keeping the wolf from the door, while others are depended upon to contribute their earnings to the slim family purse. So that means that there are many among these youngsters who never saw the inside of a real, live theater, and as a result, this theater party is the one big amusement feature for them of the entire year.

If you doubt it, all you need to do is to go to the Orpheum on next Monday night and hear those boys laugh, or hear them talk about it as they sell their papers on the streets. It's enough to make some of the rest of us a wee bit more appreciative and not quite so blasé and selfish, in other words, a little bit more in tune with the Thanksgiving season.

And as a result of this visit of Young America to his theater, Manager George Elbey is going to do his best to make the entertainment offered for the amusement of the boys the best he can arrange for. His headliner will be Dr. Ludwig Wullner, the great German Leader singer, accompanied by Coenraad V. Bos. Some people might think that that would be rather "high-brow" for the boys, but depend upon it, they who are with a "high-brow" far beyond their years, are just as likely to appreciate the specially good in music as their better-schooled neighbors. They're not easily fooled and are inclined to recognize merit wherever they see it, so don't be surprised if Dr. Wullner makes the biggest sort of a hit with them.

Then for another musical number they will have Frances Wilson, the Berkeley girl, who will play the piano. For a number of years she has been one of the best known instrumentalists about the bay in amateur circles. Now she is going to make her debut as a professional, and at the Orpheum, where in addition to playing as other people do, and a good deal better than most of them can, she will do "stunts," in other words, will play the piano with her hands behind her, the only person who can do the trick, so far as is known, in the world.

ONLY BEGINNING.

But that's only the beginning of the good things in store for the boys, a sort of Thanksgiving feast of amusements, and if they don't have the best time ever, well, they will be the most surprised lot of four or five hundred that you ever saw.

They will be at the theater under the general supervision of H. V. Ferrai, circulation manager of THE TRIBUNE, and if he doesn't have a wonderful time about the happiest and most excited bunch of newsboys that the walls of the Orpheum have seen for some time, it will be only because there has been an earthquake or some other wildly exciting happening and they are crying "Wuxtry, Wuxtry," on the city's streets.

## GOVERNOR DENOUNCES ATTACK ON REFORMS

Scores President Helm of Bar Association for Speeches; Resolutions Passed Endorsing Johnson's Principles

SACRAMENTO, Nov. 15.—Governor Hiram W. Johnson stood before the members of the California Bar Association in their session in the labor temple this morning, and denounced the attacks that had been made upon the reform legislation passed in the last legislature in the speeches of President Lynn Helm of the association, and the address yesterday of Judge Meldrum of Georgia. Governor Johnson's remarks were especially directed against the President's annual speech, in which the recent amendment to the constitution of California providing for the recall of judges was attacked.

Warm applause greeted the close of the Governor's speech and resolutions were introduced by Judge Gray of San Francisco pledging the Bar Association to the support of the Governor in the principles he had outlined. Then a resolution be printed and distributed to all associations; that a committee be appointed to confer with the Governor and render him all the assistance possible. The resolutions were unanimously adopted.

REPORT IS READ.

The report of the nominating committee was read by Frank H. Short of Fresno, who explained that a custom which has formerly prevailed, the committee changed its intentions and nominated Judge C. E. McLaughlin of Sacramento for president in place of Judge M. K. Harris of Fresno.

W. H. Donahue was elected vice-president for the first district, and Fred Barnes for the second district and J. J. Wells for the third district. T. W. Stephenson was retained as secretary and H. C. H. Wyckoff as treasurer. The executive committee was named as Judge Lohmeyer, A. P. Jones, Judge C. H. Lindley and Judge K. K. Law. The officers were elected as nominated.

## 25 ARE INITIATED INTO B'NAI B'RITH

President Kahn Conducts Exercises at First Hebrew Congregation.

Grand officers of the Independent Order B'nei B'rith and the local team initiated twenty-five members into the mysteries of Oakland Lodge, No. 252, I. O. B. B., last evening in the vestry room of the First Hebrew Congregation, Twelfth and Castro streets.

The ritualistic work was presented by Oakland team, which was headed by Sidney S. Kahn, president, and his assistants, Morris Mazor, vice-president; Sig Michel, monitor; Philip Ringolsky, assistant monitor; Melvin Schwarzbach, treasurer, and Sidney Silverstein, inner guard. The grand officers of the lodge who witnessed the initiatory work were: Otto Irving Golden, first grand vice-president, and I. J. Aschheim, grand secretary.

Prior to the ceremonies of the evening an orchestra, which was organized by Morris Schneider, gave a program of popular music. For a number of weeks the musicians had been practicing for the initiation.

The work of the team as well as the orchestra was commended by the visiting officials, who were about 100 representatives from the lodges of San Francisco in attendance, besides a large delegation from the Oakland fraternity.

At the close of the ceremony a banquet was served.

the city prison and will be arraigned in the local police court tomorrow morning.

Neither the police nor the employers of the young man know anything of a detrimental nature concerning his past career. He came to Oakland two or three years ago and immediately obtained a position with the California Optical Company. Since that time he has built up a reputation for himself among opticians as an expert of rare training and intelligence, while continually widening the circles of influential friends at whose homes he and his wife were welcomed.

COULD MAKE PLACE.

"Dickenson is a man who could make a place for himself anywhere," declared Elgus today to Captain Petersen. "He started with us about two years ago at \$70 a month, and gave instant satisfaction. Since then he has been rapidly advanced to more than double that salary, and we had planned to raise him again in the near future. The young man apparently had a very bright future ahead of him and because of his attractive manners and the charm of his personality, it is a subject of great regret to us that this has come about."

"The regulations were all of small amounts. Customers would come to the place to have work done and would have all their dealings with Dickenson. Either no record, or a false one, would appear on the books. This we believe has been going on almost from the first day the young man entered our employ."

## Mother Rebels When Son Steals Clothes

Stood for Many Annoyances, But Gets Warrant for Latest Act.

CHICAGO, Nov. 15.—Mother love saved Fred Glere from punishment many times. According to Mrs. Glere, who is a widow, her son did things many times which gave her much annoyance and for which he could have been prosecuted. She had not forgiven him. The limit was reached, however, when he stole and sold her winter clothing. Mrs. Glere was unable to go to her place of employment. She decided that there was no time when mother love must give way and she went to a police station yesterday and procured a warrant for his arrest. He was later locked up by detectives.

# What You Pay For and What You Get

Those people who have been induced to buy cheap Pianos under the impression that they were practicing economy, on the whole have paid a high price, as their later experience will prove.

There is no magic in piano-making which enables any manufacturer to turn inferior material, by the help of unskilled workmen, into good instruments. And yet only by the sacrifice of quality in both material and labor can Pianos be produced to sell at the figures which are often quoted. The same common sense which governs your buying of other kinds of merchandise should rule in the selection of a Piano. There is a price limit below which you can not go without paying too much for what you receive.

There are Pianos offered at lower figures than ours, but when we say that for every dollar you invest in one of our instruments you get a dollar's worth, we state a fact which you can prove by a visit to our salesrooms. Here are to be seen the broadest and the most select assortment of fine Pianos and Player-Pianos to be found on the coast. Among them are the world's best, the Mason & Hamlin, the Conover, Hardman, Krakauer, Packard, Ludwig, Harrington, Price & Teeple, Cable, Kingsbury, Wellington, Milton and many others in regular Pianos, while in Players the Knabe-Angelus, the Conover Inner-Player, the Emerson-Angelus, Hardman, Autotone, Angelus Piano, the Carola and Kingsbury Inner-Players, Harrington Autotone and the Milton are shown and demonstrated daily. Easy payments.

## ACCUSED SANTA ROSA BANKER KILLS HIMSELF

William T. Hopper's Suicide Follows Close On That of Mrs. Leppo, Ending Tragic Anonymous Letter Case.

SANTA ROSA, Nov. 15.—Following close on the heels of the suicide of Mrs. Belle Leppo in this city, another chapter in the Santa Rosa mystery of anonymous letters was added today when William Thomas Hopper, assistant cashier of the Santa Rosa Bank, shot and killed himself here late yesterday after being accused of having written an anonymous letter to Joseph H. Elinhorn, advising that he discharge Mrs. Doris Lincoln from her position. Hopper was likewise suspected, and practically accused of having written the anonymous letters which caused Mrs. Leppo to take her life.

Since the death of Mrs. Leppo by poisoning gas at her home on McDonald avenue, renewed energy has been put into the search for the miscreant who mailed her a series of anonymous letters. According to those prosecuting the search it was believed that young Hopper was responsible for the letters. It is declared that there is positive evidence that he wrote the notes to Elinhorn.

### ACCUSED OF WRITING LETTER.

During business hours yesterday morning at the Santa Rosa Bank, where Hopper has been an assistant cashier for a number of years, the young man was confronted by J. R. Leppo, a brother-in-law of Mrs. Minerva Belle Leppo, accompanied by William D. Reynolds and Frank M. Burris, president and cashier, respectively, of the bank and Joseph H. Elinhorn. It was pointed out to Hopper that the letter written to Mr. Elinhorn was on the identical stationery used by the bank, and that the typewriter used

had the same characteristics of writing as the one Hopper used when this action was made. Hopper entered a vigorous denial, and when he went to his dinner, he was despondent and worried. He narrated the accusation made against him to his wife and was greatly excited. He returned to his duties at the bank and seemed morose and despondent, but gave no evidence of contemplating suicide. Mrs. Hopper happened to be down town with friends when the young banker returned home in the afternoon, and he had adjusted a mirror in the rear yard, sent his little daughter, Portia Hopper, with a farewell note to his wife, and shot himself in the right temple.

Two shots rang out and evidently Hopper tried the revolver first to ascertain its condition before firing the bullet into his brain.

### COUSIN OF MRS. LEPP.

Coroner Frank L. Blackburn of Potluma came up last night and held an inquest, a simple verdict of suicide being returned. Prior to the death of Mrs. Minerva Belle Leppo, young Hopper was suspected of having been the writer of the anonymous letters that resulted in the despondency which drove her to suicide. Mrs. Leppo was a first cousin of Hopper, and the idea that he would have written anonymous letters to her is scouted by many people. The suicide of the young banker is believed by some people to be an admission of his guilt, and there are others who declare that the deceased was of a sensitive nature and that the accusation so weighed upon him that he was driven to take his life.

### BATTLESHIP TO BE USED AS EXHIBIT IN TRIAL

WASHINGTON, Nov. 15.—The battleship Nebraska will arrive at the Charleston navy yard on November 20 to be used as an exhibit in the trial of James Beeks, who last May shot and killed a negro mess attendant aboard the ship while it lay at Charleston yard.

### RESIGNS JOB.

SACRAMENTO, Nov. 15.—Frank G. White, who was appointed by State Engineer Nat Eilers as driver of a ferry boat with headquarters in the ferry building at San Francisco, has resigned his position to accept a non-political position. His successor has not been named. The position carries a salary of \$2000 a year.

## BIRDS OF FEATHER FLOCK TOGETHER AT POULTRY SHOW

"LADY ALICE," prize hen.

Chicken experts announce that the class of chickens to be shown this year at the Oakland Poultry Show, November 21-27, will be equal to any exhibited at any of the largest chicken shows in the world. The white Orpington hen, "Lady Alice," owned by W. H. Ingram, with about three thousand thoroughbred chickens from all parts of the world, will be at the show. A number of very high class fowls have been imported by chicken fanciers from different parts of the East and Europe.

### HEAVY FROSTS KILL LAST OF GRAPE CROP

STOCKTON, Nov. 15.—Contrary to the general belief the rain, last week did little damage to the grapes, but the frost which followed and which has continued for the last few days, has practically brought the season to a close. This, the growers say, will work little hardship on them as they have about finished their picking. The vineyards in the Lodi section are pretty well cleaned up and about the season's work is done. After shipments continue large and indications are that last year's record in table grapes will be greatly exceeded.

## U. C. CAMPUS TO BE PUT IN HANDS OF BEAUTIFIER Landscape Artist May Be Employed to Make Improvements on the College Grounds; Regents Meet

SAN FRANCISCO, Nov. 15.—The advisability of beautifying the college grounds, recommended by President Benjamin Ide Wheeler, was discussed by the board of regents of the University of California at its meeting in the California building, Mason and California streets, yesterday afternoon. The building and grounds committee, in submitting its report, suggested that a bit of landscape gardening would materially improve the campus. The committee also recommended that the grounds be put in the hands of a landscape artist, and the name of Frederick Law Olmsted was mentioned in the report as one who would be a splendid man for the proposed landscape improvements. After a motion had been passed referring the matter back to the buildings and grounds committee the president explained that Olmsted had engaged in similar work for over fifty years in the United States and that he was at present drawing plans for the spectacular gardening of the San Diego exposition. It was generally agreed that Olmsted's work was first-class, but Mr. J. J. Taussig wanted to know if the university were financially in a position to go to that expense. At this point A. W. Foster strongly advocated the beautifying of the grounds, claiming that unless the work was started now there would be but small results for the next ten years. Before the discussion was closed W. H. Crocker suggested that Edward Bennett, the Chicagoan, who had helped the Panama-Pacific people in the selection of a site, be consulted with a view of having Bennett originate plans for landscape beautification, and in the event of these plans being acceptable the ideas could be carried out by the regularly employed gardeners of the university.

### PLAN NEW BUILDING.

Another matter that was discussed at length was the percentage to be allowed Architect John Gaylen Howard on the building price of the new chemistry auditorium. Taussig had failed to sign the report of the finance committee when this subject was taken up, and explained that in Los Angeles and Portland architects are willing to accept 3 1/2 per cent, while the Regents had agreed to pay Howard 5 per cent, and he was borne out in his arguments by I. W. Hellman. It developed, however, that Howard had refused to accept any University fee under 6 per cent, and that he had already prepared plans upon which contractors were bidding a change was voted inadvisable.

In executive session the Regents let the contract for the building of the chemistry auditorium to F. A. Williams for \$22,930. It will be a quick and immediately north of the present chemistry building, and is to be a class A structure. The lecture room will have a seating capacity of 435, and will be equipped with an especially constructed desk of movable sections so that there will be no loss of time between experiments. This new desk contrivance is expected to triple the efficiency of the room.

### GIFT OF TWENTY ACRES.

A gift of twenty acres in Imperial valley was accepted, ten acres having been donated by the Supervisors and ten by the people of Imperial county. The property is located near Meloland, between El Centro and Brawley. Five acres will be devoted to cotton culture, five to date palms, five to a mixed orchard and five to various field crops. Four thousand dollars was appropriated for the building of model farm houses, which will also serve as examples to farmers contemplating new buildings. Operations will start at once on the newly acquired property.

The board also appropriated \$2000 for the installation of an oil-burning heating apparatus at the hospital of the Affiliated Colleges. The Regent of the University of California.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant the expense of \$150 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application the ailment he was well. For sale by Good Bros. Drug Store.

## MONS. CANALI TO SUCCEED FALCONIO

Apostolic Delegate in Farewell Address Tells of Duties of Women.

ROME, Nov. 15.—Monsignor Canali, under secretary of state at the Vatican, has been appointed to succeed Mgr. Falconio as apostolic delegate to the United States.

NEW YORK, Nov. 15.—Diomedes Falconio, apostolic delegate at Washington and cardinal designate, in a farewell address to women, dictated yesterday in the drawing room of the residence of Archbishop Farley, must have their departure for Rome, told of the duties of women.

"I have nothing but sentiments of highest esteem for American ladies," he began. "American women are extremely well educated, full of energy and it is impossible to overestimate the great results to be obtained when they exert their influence for the real welfare of society."

"I earnestly hope they will continue to exercise their power for good, as they have in the past."

### DENOUNCES POLITICS.

"Here he paused for several moments before beginning his denunciation. 'I do not think it proper for any woman to go outside the sphere which is assigned to her sex,' he said. 'A good woman should have in mind, above all, the proper care of her family—she is first of all a citizen of the home, and if she fulfills adequately the duties of a citizen she will have no leisure for outside affairs. In home she should be heart and soul. There no higher or holier mission than hers—the care and education of children. Men reverse, love and honor the home woman.'

"I earnestly hope that American women who are so well educated, so full of energy, so full of the spirit of the Roman matrons and the courage of Spartan mothers, will cherish at the same time the noble mission assigned to them, that of wifehood and motherhood. 'It should be the duty of women to exert their powerful influence to combat the divorce evil, the greatest evil of our day, which is undermining the life of families and of society.'"

## MANY CURES HERE WITH NEW METHOD

Woman Relieved of Deafness in Two Weeks Tells Experience She Had.

The names of a number of bay cities persons who are said to have received remarkable benefits from the new Lanham system of medical treatment which has become the subject of wide discussion here were given out yesterday. This is the system of treatment which is reported to have achieved wonderful results in cases of catarrh and catarrh deafness. The offices maintained in San Francisco and Oakland by the Lanham physicians have been crowded daily by throngs of patients. Some of the names selected from the list condensed for convenience are as follows:

Mrs. N. J. Van Nys, Oakland, says she is willing to take oath to her experience. Contracted catarrh six years ago, which gradually affected her hearing; could not hear a voice two feet away; tried every medicine or appliance her doctors knew about, but only became worse. Took the Lanham catarrh treatment for two weeks and is now entirely cured of catarrh and can hear as well as she ever could. Says all her friends will attest the correctness of her statement and gives her testimony in the hope that others similarly afflicted will be benefited.

Mr. Frank Leslie, address Winchester Annex hotel, San Francisco, says he took Lanham method of treatment for rheumatism about a year ago for what he considered the worst case of rheumatism on record and that it cured him completely. Says it is easy to take and the greatest thing for rheumatism ever discovered by any doctor.

Mr. J. Roberts, Twelfth street, Oakland, says he was taken down a year ago with a fatal stomach trouble, which seemed to be a complete puzzle to the doctors he consulted. Had gas on the stomach, was nervous and sleepless and felt "tired to death" all the time; suffered some from kidney and liver trouble and was very constipated. Took the Lanham treatment every day. Took the Lanham treatment not more than a week and now sleeps perfectly every night; can eat anything he wants with no ill effects afterward and is full of ambition and energy. Has gone back to work at position he had to give up on account of bad health.

Mrs. F. C. Steele, San Francisco, cured of catarrh by Lanham method. Suffered six years from catarrh of the head and was cured by Lanham system in six weeks. Woke up each morning with a headache and dull, heavy feeling in the brain; lost her sense of taste and smell and suffered torment from the continuous dropping of mucus in nostrils and throat. Heard of Lanham method in the east and took the treatment here; felt relief immediately and her general health began to improve at once. Says she is now one of the healthiest and happiest women in the bay cities.

The Lanham offices in San Francisco are located in the Bulletin building, 709 Market street, and in Oakland at 33 and 84 Bacon building, Twelfth and Washington streets. Competent physicians are in attendance from 9 in the morning to 5 in the evening, and give full advice and constipation free of charge. Adv.

### BORROWS \$40 TO PAY BILL AND DISAPPEARS

SAN FRANCISCO, Nov. 15.—A new dodge in the bunco game and daily practiced on the waterfront, was worked this morning on John E. Williams of 769 Howard street. Williams met a man whom he says is William Blisshoff, who told him that he had articles of great value in two suit cases and had been held for a bill by the hotel at 173 East street. Williams promised to redeem them for him and went there with him for that purpose. On arriving at the house Williams alleges that Blisshoff asked him for \$40 to pay the charges and went in search of the proprietor instead of carrying out his intentions he left by the Stuart street entrance, and Williams reported the matter to the Harbor police, furnishing a description of Blisshoff.

### COMMISSION MAKES ITS REPORT TO TAFT

WASHINGTON, Nov. 15.—The commission appointed by President Taft a year ago to investigate the question of bringing future issues of railroad stocks and bonds under the jurisdiction of the Interstate Commerce Commission had made its report to the president, who will transmit the commission's findings to Congress. They will not be made public until then.

### SACRAMENTO HAS FOUR STREET CAR COMPANIES

SACRAMENTO, Nov. 15.—Four companies are now giving street car service in Sacramento. Three of these are interurban companies whose lines extend to surrounding towns. The Vallejo and Northern Electric Railway began running its cars yesterday, confining itself to street car service for the present until the first section of its interurban road, that to Woodland, is completed. Its interurban line will be operating next summer and will eventually reach Vallejo.

### ENJOYS EVERY MEAL

Since Taking Vinol; Eating Was Punishment Before  
There are hundreds, even thousands of people right around here who have had no appetite for a long time and eat only because they must. A Brooklyn man, Thos. J. Sinclair, says in a letter. "For nearly five years I was tormented with stomach trouble. I had no appetite and I suffered so much and so long that it seemed as if I never would get any relief. Vinol proved to be just what I needed. It brought back my appetite, relieved the painful symptoms and now my digestion is perfect. I enjoy every meal now, where formerly eating was almost a punishment. This delicious cod liver and iron remedy without oil is wonderful to stimulate the appetite and build up the body. All who are weak and run down from stomach trouble or other causes should try Vinol on our positive guaranty to refund the money if they are not perfectly satisfied. The Owl Drug Co., Oakland, Cal."

## SEES MENACE IN PROPOSED LOAN

Honduras Says to Accept the Morgan Proposition Means Nation's Ruin.

NEW ORLEANS, La., Nov. 15.—"The proposed loan through the Morgan interests which Secretary of State Knox would thrust upon Honduras, probably is intended to aid and develop the country, but if this loan is effected, it will mean ruin for Honduras," declared Juan E. Parades, former minister of the Honduran government to Washington, appointed to negotiate the Morgan loan of \$10,000,000.

Senor Parades said he resigned because of what he believed would be an injustice to his country—the loan as endorsed by Secretary Knox. He said it was not a loan but a speculation; that being guaranteed by the United States, it would mean that Honduras would come under the protectorate of this country.

### Wrinkles Vanish When This is Used

"The hand of Time will touch lightly the cheek that avoids powders and cosmetics," says Mrs. Mae Martin, authority on beauty, in the Boston Express, "and used instead a simple lotion made by stirring 2 teaspoonfuls glycerin in ½ pint hot water, then adding 4 ounces spumax. Many, however, prefer witch hazel to water, as with the former it dries more quickly.

"This is applied sparingly to face, neck and arms, then rubbed lightly until it vanishes. After a few times using, wrinkles and fine lines vanish, the oily, sallow or 'muddy' color disappears, and pimples and blackheads are eliminated. The value of this lotion over the face powder quickly manifests itself as it is invisible when it and it does not spot or rub off."

## AFRICAN LEADERS VISIT OAKLAND

Seljan Brothers Would Effect Closer Relations Between the Colonies.

Mirko and Stevo Seljan, who for three years were governors in Central Africa under Negus Menelik of Abyssinia, and who arrived in San Francisco the first of this month from Peru, coming as delegates from Croatia, according to their story, for the purpose of bringing into closer moral and economic relations the Croatian and Serbian colonies of the two Americas arrived in Oakland yesterday and are visiting their countrymen here.

The brothers Seljan were engineers in Karlovac, Croatia in 1899. They have traveled through Egypt and the Sudan to Abyssinia in scientific research. Negus Menelik entrusted them with the mission of discovering the unknown parts of Central Ethiopia and establishing the boundary line between Abyssinia and the English possessions. They discovered many new parts and had many bloody fights with interior tribes near Rudolf's lake. For three years they were governors of Menelik's new possessions.

Returning to Europe from Africa, the brothers shortly afterward sailed for South America and for 11 years they traveled about and discovered many unknown lands in Brazil, Argentina, Paraguay, Chili and other countries. Their diaries have been used by geographers and societies in many countries. They have also contributed a valuable collection to the Museum in Agram. The two men are said to be the first and only explorers coming from South-Slavonic people.

**REPORTED KILLED.**  
CUAUHTLA, Morelos, Mex., Nov. 15.—Eugenio Zapata, brother of Emiliano Zapata, leader of the rebels in this state, is reported to have been killed in a battle near the hill of Aguarte, which began at 11 o'clock last night. It is believed the casualties were few.

## CANAL TO BE USED LONG BEFORE 1915

Vessels Will Pass Through Big Cut During Latter Half of 1913.

NEW ORLEANS, La., Nov. 15.—Vessels will be allowed to pass through the Panama canal before the official date of the opening, which has been set for January 1, 1915. This information is contained in a letter received by L. E. Bentley, chairman of the Progressive Union's committee on immigration, steamship and rail services, from Major F. C. Boggs of the United States corps of engineers at Washington. Major Boggs says:

"I am directed by the Secretary of War to inform you that while the official date of the opening of the canal has been set for January 1, 1915, it is the intention to allow vessels to utilize the canal just as soon as practicable. Present indications seem to bear out the opinion previously expressed by the chairman and chief engineer of the Isthmian canal commission that this can be accomplished during the latter half of 1913, although it is too far in advance at this time to fix any definite date.

"Shipping interests will, however, be advised as soon as the commission feels assured that vessels can be passed without unnecessary delay."

### HEARST'S RECIPROCITY PLAN GIVEN PRAISE

LONDON, Nov. 15.—The Daily News cables to his paper a summary of Mr. Hearst's scheme for reciprocity with Germany, in the course of which he pays high tribute to Hearst's influence in politics and continues: "Mr. Hearst is probably the strongest individual journalist in the United States, and what he undertakes he usually accomplishes, for which reason his campaign in favor of world-wide reciprocity, beginning with Germany and Argentina, commands attention."

## 'SQUEAL SHEET' IN RICE FRAUD CASE

Protests of Customers Carefully Put Down in Brokerage Firm's Record.

NEW YORK, Nov. 15.—"The squeal sheet," a list kept by the defendants to record the names of complaining customers, was read in court at the trial of George Graham Rice and other members of the brokerage firm of B. H. Sheffels & Company, for swindling investors all over the country through their chain of alleged bucket shops.

Opposite each name were a few words denoting the gravity and nature of the customer's objections. Some of the contents were: "This one getting nasty," "This one very hot—police, etc.," "Here is one kicking like h—l."

### Soft, Velvety Skin for Every Woman

(From Housekeeping Magazine.)  
Frequently the excessive use of powder or cosmetics causes the skin to become furrowed, sallow or blotchy, and a prematurely aged look to the complexion then follows. An excellent lotion for removing wrinkles, "moth patches," blackheads and other complexion defects, can be made for a trifle by dissolving a small original package of mayatone in half-pint witch-hazel. This lotion, massaged into the skin, quickly frees it of all impurities and makes it clear, smooth and richly beautiful. The continued use of this mayatone lotion will give to the complexion a rich embellishment impossible any other way and as long as it is employed no powder is necessary.

## DE GUIGNE TO WED MISS M. L. ELKINS

License Is Secured and Ceremony Will Be Performed Tomorrow Afternoon.

PHILADELPHIA, Nov. 15.—A license was issued yesterday for the wedding of Miss Marie Louise Elkins, daughter of Mrs. William Delaware Nelson, to Christian de Guigne Jr. of San Mateo, Cal.

The wedding will take place tomorrow afternoon in the parlor of Mrs. Nelson's apartments at the Belgravia and will be witnessed by none but the immediate families.

Miss Katherine Donahue of San Francisco will attend the bride, as maid of honor and Frederick Frelinghuysen will be best man.

### SCHOOL FOR BIRDMEN PLANNED FOR MARIN

SAN FRANCISCO, Nov. 15.—Plans for the establishment of a school for birdmen, with practical and theoretical courses in flying and mechanics for graduates were disclosed today when the Pacific Aero Club, signed a lease for 1100 acres of suitable land near Corte Madera station, Marin county. The right to conduct such a school and to examine and issue licenses to students proving competent in aviation already has been granted by the Aero Club of America. At least four expert fliers are expected from the East to act as instructors. Various manufacturing firms have also promised to cooperate in the hope of disposing of machines to the students.

### LIFE FOR MURDER.

THE DALLES, Ore., Nov. 15.—William Clisart, who stabbed his mother to death at Antelope, this county, on October 31, pleaded guilty to a charge of murder in the second degree and was sentenced by State Circuit Judge L. W. Bradshaw to life imprisonment in the penitentiary.

## ONE SENATOR FOR BERKELEY, PLAN

Assemblyman Young Says the  
Change Will Be Attempted  
in Redistricting.

BERKELEY, Nov. 15.—That an effort will be made at the coming session of the state legislature to secure, in the reapportionment of the state with respect to senatorial and assembly districts, the major portion of a senatorial district for this city, and falling in this to effect the redistricting of the city into two assembly districts, was asserted by Assemblyman C. Young this morning.

"The city at present comprises portions of two senatorial districts, the fifth and sixth," said Young, "and when the matter comes up in the legislature I will endeavor to have this changed to one district. Falling in this I will insist that the city, which is now embraced in the fifty-second assembly district, be divided into two districts."

It is probable that the Alameda county delegation will meet to discuss the matter before the special session is called on the 27th of this month. The trouble heretofore has been that Berkeley, with a population of 45,000, has constituted but one assembly district, thus giving the city a smaller voice in the legislature than it is entitled to on the basis of population.

## ALLEGED FOOTPAD PLACED ON TRIAL

Case Hinges Upon Slugging  
and Robbing of San  
Leandro.

Andrew Raymond was placed on trial this forenoon in the criminal department of the Superior Court, Judge William S. Wells presiding, charged with highway robbery. The case will probably go to the jury before adjournment tomorrow afternoon.

On the night of September 6 of last year, Edward Wagner of San Leandro met Raymond and Rigmor Fought, who were together in a room in San Leandro. Neither of the men had money and Wagner bought them drinks. He took them to several other saloons where he also purchased liquor for them. Finally he started for home. This was about 11 o'clock. A couple of hours later he was found lying in the road unconscious and bleeding. The pockets of his trousers were turned wrong side out and when Wagner was restored to his senses he accused Raymond and Fought of having slugged him and taken about \$25 from him. The victim was permanently injured in the head by the beating he sustained.

When the alleged highwaymen appeared in the Superior Court they demanded separate trials after pleading not guilty. Fought's case will be heard at the conclusion of the trial of Raymond.

## SALOON KEEPER COMMITTS SUICIDE

George Sargeant Kills Himself  
by Sending Bullet Into  
His Brain.

Despondent over financial affairs, George Sargeant, proprietor of the Telephone saloon at 274th and Union streets, this morning committed suicide by shooting himself through the right temple with a 38 calibre revolver. The body was found in the man's room over the saloon by Mrs. E. Reale, owner of the premises. The body was removed to the morgue and an inquest will be held. Mrs. Reale informed the corner that Sargeant had been acting strangely of late and that she believed him to be mentally unbalanced.

Sargeant was 50 years of age. It is not known that he leaves any relatives in this city.

## Prisoners Would Head Christian Endeavorers

Life Termers Seek Presidency of  
Society at Frankfort Pen-  
itentiary.

FRANKFORT, Ky., Nov. 15.—Curt Jett and Henry Youtsey, probably the most noted of the life-term prisoners in the Kentucky penitentiary here, are both seeking election as president of the prison Christian Endeavor Society. The names of both figured in the Goebel trials.

They had a similar contest last year and Youtsey won. Jett made application to Warden Mudd to contest the election. This time much partisan feeling has been worked up. Youtsey has the support of the regular Republicans and Democrats, while Jett has that of the Democrats and the progressive Republicans.

## Children Important As Cattle, He Says

Claxton Declares the Health of  
30,000,000 Pupils Should Be  
Considered by U. S.

WASHINGTON, Nov. 15.—Is not the health of the 30,000,000 school children in the United States as important as the livestock of the country? United States Commissioner of Education Claxton puts this query in his annual report to Secretary of the Interior Fisher today, at the same time recommending the appointment in the bureau of education specialists in school hygiene and sanitation.

## JURY ACQUITS MAN OF STEALING \$25 FROM MAIL

SAN FRANCISCO, Nov. 15.—John E. Lister, accused of opening a registered package and stealing \$25, was acquitted by a jury in the United States district court this afternoon. Lister was the guardian of Ester D. Young, and his wife, both blind and had a right to open their mail. An accusation of theft was made against him but the jury declared him innocent.

## CHEMIST SEEKS GOLD IN LAIR OF FATHER NEPTUNE

DR. OSKAR NAGEL.

DR. OSKAR NAGEL.

LONDON, Nov. 15.—Dr. Oskar Nagel, an Austrian chemist, claims that he has a method by which he can extract gold out of sea water, and that his scheme will return the operator 500 per cent a year. The American Chemical Society, however, refuses to consider his scheme as feasible, and voted to throw out his paper.

Dr. Nagel also claims that he has proved that by a similar process he can get potash in commercial quantities from sea water at a cost of \$3 a ton, which is less than half as much as the German potash sells for on the market. Ridout said today:

Dr. Nagel is a Ph. D. from the University of Vienna and has written many essays on chemistry.

## TOWN IN NEED OF OUTSIDE CAPITAL

Chicago Financiers May Aid  
Scheme to Build San  
Leandro Hotel.

SAN LEANDRO, Nov. 15.—At a meeting of the San Leandro Chamber of Commerce held at 10 o'clock this morning, a committee was appointed by the chairman to get outside capital interested in a scheme to build a San Leandro hotel, which will be made this place a winter resort. It is said by the local interests that no spot in California has a finer climate for visiting easterners.

The scheme has the active support of the Hotel Brokers company, for San Francisco, and it is understood that some Chicago capital is also willing to become interested should the local support justify it.

Those on the committee are William H. Gannon, Mayor J. J. Gill, Postmaster C. G. Ridout and today:

"The need of a fine hostelry here has long been sought by the business men of the Chamber of Commerce and we are justified in backing such a scheme."

At the same meeting it was decided to publish a circular letter which will be sent to the businessmen of San Leandro urging them to join the Chamber of Commerce membership. Both will be carried on by the body until the first of the year.

## AXTELL IS READY TO SUBMIT CASE

Attempt Made Today to Con-  
nect Sollars With Story of  
Auto Accident.

STOCKTON, Nov. 15.—The defense in the trial of S. B. Axtell for the murder of Mrs. Sollars at Los last June is nearly through putting in its evidence, and there is a remote possibility that the case may get to the jury this week. The prosecution still has its rebuttal evidence to introduce.

Most of the session this morning was taken up with efforts on the part of the defense to connect Sollars with the publication of newspaper accounts of the automobile accident suffered by Misses Johnson and McKinley while they were using Axtell's automobile. Both ladies testified that Sollars happened along shortly after the accident. They both expressed the hope that it would not get into the papers.

## January First Next Big Day in Court Circles

President Taft to Distribute Ju-  
dicial Gifts on New  
Year's.

WASHINGTON, Nov. 15.—President Taft will wait until January 1 before naming a successor to Justice Harlan upon the supreme bench. Three or four other judicial nominations will be made at the same time, including a successor to Circuit Judge Grosscup of Chicago, resigned.

## OAKLAND 10-YEAR-OLD BOY AMONG MISSING

Charles Kuhn, a 10-year-old boy residing with his parents at 1409 East Sixteenth street, is reported by his parents as a runaway from home. The boy ran away yesterday morning and no trace of him has been discovered by the police.

STEVEDORE IS STRUCK.  
SAN FRANCISCO, Nov. 15.—Alexander Olsen, a stevedore, was struck by a falling load of laths while working at Sixth and Channel streets this morning. He was painfully injured and was removed for treatment to the Marine hospital.

## IT'S TWENTY-THREE FOR BARON KNAPP

Not "Skidoo." However, But  
Date to Which His Divorce  
Case Goes Over.

While "Baron" William Knapp was entertaining four gentlemen friends last night at his home, 3100 Champion street, at a game of poker, his inflammatory rheumatism changed so much for the worse with the approaching inclement weather that he was unable to appear in Superior Judge Harris' court this forenoon at the trial of the divorce suit brought by Rosa Knapp, on the ground of extreme cruelty. Dr. Max Klomk of 2309 East Fourteenth street so informed the court when the divorce action was called for further hearing and Judge Harris set the trial over until November 23.

Attorney H. A. Luttrell made a matter-of-fact statement to the court of his client's inability to be present, where Judge Harris called the case, and placed Dr. Klomk on the stand to verify his representation of Knapp's illness. Cross examined by Judge George Samuels, attorney for Mrs. Knapp, Dr. Klomk said that he was called by telephone to attend the "baron" about 8:30 o'clock.

He admitted that when he arrived at the Knapp residence he found the "baron" in a game of poker with his four male guests, and explained that his patient's rheumatism had suddenly taken such a serious turn that he was unable to get out of his chair and had to be carried to bed. The doctor said that he remained with the "baron" until after 11 o'clock and that he was positive Knapp would not be able to be around again for "some days."

One of the charges of cruelty Mrs. Knapp makes against her husband is that he frequently married her while he has played poker at home all night, losing his money to his guests and getting so drunk that he is unable to "take things" that the "devil would possess him" to such an extent that he would beat and revile her unmercifully.

## OAKLAND CLUB'S LUNCHEON, EVENT

Many Present When Notable  
Program Is Held at Starr  
King Hall.

An important event in club circles today was the luncheon of the Oakland Club which took place at 12:30 in the club rooms at Fourteenth and Castro streets, in the Starr King hall. The luncheon tables were beautifully decorated with Christmas berries, red geraniums and autumn leaves and the walls of the dining room, banked with greens made a striking background. The guests of honor were Mrs. John Bunting of Centerville, Mrs. M. J. Murphy of Berkeley, the Washington Township Country Club, and Mrs. C. F. Weyman, who is one of the officers of the Juvenile Court Auxiliary of San Francisco.

Brief addresses were made by these special guests which were followed by a delightful program. Miss Margery Morse of the Eurydice Club, sang several songs in her usual pleasing manner and Miss Mildred Turner played several piano selections.

With the guests of honor at the round table were seated Mrs. Charles A. Chamberlain, president; Mrs. B. Sturtevant-Foot, Mrs. A. L. Frick, Mrs. F. W. Lauder, Mrs. G. W. Harrison, Miss Theresa Russau, Mrs. J. F. Murphy, Mrs. George Samuels, Mrs. W. I. Bartholomew and Mrs. George R. Chambers.

The presiding hostess of the day, Mrs. F. H. Doris, was assisted in receiving the guests and in the following: Mrs. C. J. Brugler, Mrs. C. Chadwick, Mrs. Elizabeth Chambers, Mrs. George Chambers, Mrs. C. S. Chamberlain, Mrs. A. F. Chaplain, Mrs. Vin. Chappell, Mrs. E. P. Cole, Mrs. Florence Cumber, Mrs. W. E. Cumbak, Mrs. A. C. Dietz, and Mrs. Henry East.

## PUBLIC SERVICE LAW IS OPPOSED OIL TRUST PAYS A \$7 DIVIDEND

Since Company Incorporated  
\$751,000,000 Has Been  
Given Stockholders.

SAN FRANCISCO, Nov. 15.—Opposition to several provisions of the proposed public service law, which will enact power of the state railroad commission, was voiced by representatives of a number of public service corporations at a meeting held today before the commission.

The meeting was called by the commission for the purpose of learning the opinion of the corporations as to the effect of the new law and fifty or more representatives of the interests in question were present.

That provision of the proposed law providing that no foreign railway corporation may obtain a franchise in this state, was the subject of the greatest opposition. This proviso is held to mean that any corporation desiring to build a railroad in this state must incorporate here and maintain a separate organization in this state.

The railroad representatives expressed the belief that while in their opinion the law would not be retroactive nor require new organization of such lines, as now doing business in the state, it nevertheless would be "vicious" and for that reason they opposed it.

That clause in the proposed law which provides that public service corporations are subjected to the jurisdiction of the railroad commission, when the selling of stocks and bonds also was criticized.

TO CALL RABBI.  
SAN FRANCISCO, Nov. 15.—At a meeting of the William Wolff congregation, Geary street between Gough and Octavia, held last night, it was unanimously decided to call Rabbi Meyer A. B. formerly Rabbi of the Bush street temple of San Francisco. Rabbi Meyer is an author and a scholar well known in Jewish circles all over the country, and is an authority on theology. He is reputed to be a great pupil orator.

FIRE IN STOCKTON.  
STOCKTON, Cal., Nov. 14.—Fire of unknown origin caused a loss of \$20,000 tonight to three notion stores in the heart of the city. The spread of the blaze was checked by heroic efforts of the fire department's full equipment.

## DR. I. NITOBE LECTURING IN U. S. COLLEGES

INAZO NITOBE.

INAZO NITOBE.

NEW YORK, Nov. 15.—Dr. Inazo Nitobe, who is lecturing in American colleges, is the head of the University of Tokio. He is a Christian and writes and speaks English perfectly. Nitobe is the author of a famous work on the ideals of the Japanese people entitled "Bushido, the Soul of Japan." This book, describing the spiritual ideals of a strange people, attracted the attention of the whole world at the time of the Russo-Japanese war.

Dr. Nitobe is reaching peace during his lecture tour in America.

## CHARGE AGAINST SERVAU QUASHED

Testimony of Young Daughter  
Brought About Release of  
Accused.

SAN FRANCISCO, Nov. 15.—The charge against E. S. Servau of the firm of Servau Bros., one of the largest floral concerns on the Pacific Coast, was dismissed by Superior Judge Cabanis this morning after a recommendation to the district attorney to make a complete investigation into all of the peculiar circumstances.

The arrest of Servau for a statutory offense, on complaint of his 14-year-old daughter, Zola, based on a sensation last September, and when the child's testimony against her father was heard in the police court it was even more remarkable than had been expected.

Yesterday, when the defendant was brought to trial before Superior Judge Cabanis, the child withdrew her former accusation, declared her father's innocence and laid the blame upon the shadowy form of a youth named Oscar, whom she had met in Redwood city. Before the accused was brought in, in accordance with the order of Judge Cabanis, His Honor instructed that the child be taken to the detention home and kept there and that the district attorney investigate fully all the circumstances of the charge preferred by the little girl.

## NATION-WIDE SUFFRAGE PREDICTED BY WOMAN

CHICAGO, Nov. 15.—Catherine Waugh McCulloch, speaking before the National Council of Women yesterday, predicted that countrywide equal suffrage will come with progressive politics.

"Over the California victory, a significant triumph for the cause for equal suffrage came as the result of progressive politics and the result will be the same in every state," said Mrs. McCulloch. "In the San Francisco election the 13,000 voters registered in the city were a man's prerogative. Almost to a man the votes came from the slum districts. The better class of men, the clean voters, are in favor of our enfranchisement."

## TELL OF TEMPERANCE WORK IN CHURCHES

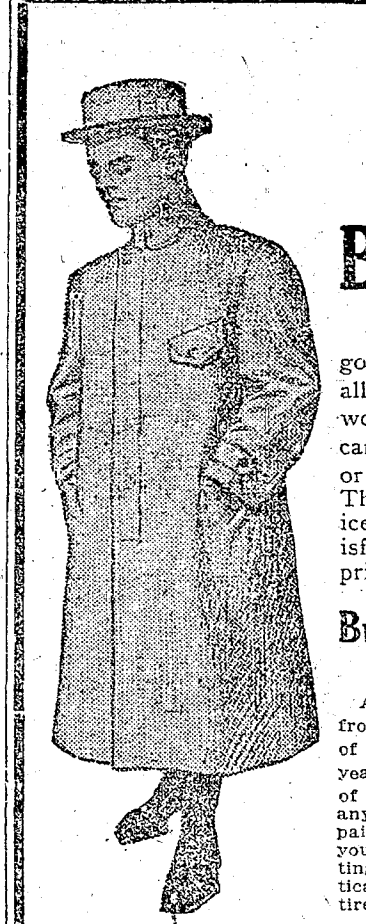

BERKELEY, Nov. 15.—Reports of temperance work in the various churches were submitted at the monthly meeting of the Berkeley Women's Christian Temperance Union at the home of Mrs. R. L. Patterson this afternoon. Rev. H. J. Ross, pastor of the First Christian church, gave an address on "Temperance and Marriage" and Mrs. K. Almond spoke on "Progressive Sunday Schools."

## 5000 GO ON STRIKE: FAMINE THREATENS

## EL CAMINO REAL RIGHTS SETTLED

After Many Years Court De-  
cides Who Owns Certain  
Lands Adjoining.

SAN FRANCISCO, Nov. 15.—All the land included in El Camino Real, over which there has been a legal contest, was permanently settled this morning in a decision made by Superior Judge Murphy of Mono county, sitting for Judge Van Nostrand. The El Camino Real is the road built in the days of the missionaries connecting the missions. Following its establishment, large grants of land were made along the line of the road, and later when it was abandoned a claim was laid to it by the estate of Romaine De Boon. The De Boons had originally donated it to the State and said that when it was abandoned they had a right to claim again. The claim was made by whose property fronted on it, believed themselves entitled to it. The case came up recently when Jacob Meyer attempted to have his title determined and the contest was brought by Romaine C. De Boon. Judge Murphy decided that the property owners each had a right to the land that adjoins their property. Thus after many years the court has settled the old dispute.

## GOVERNOR'S DAY AT THE CONGRESS

The Chief Executives of Three  
States Deliver Rousing  
Addresses.

KANSAS CITY, Nov. 15.—United States Senator Robert L. Owen of Oklahoma, a senator at today's session of the Trans-Mississippi Commercial congress when he declared that he had every reason to believe that the same people who fought Dr. Harvey W. Wiley chief of the bureau of chemistry, were now furnishing money to oppose the movement for the establishment of a national department of health.

This was Governor's Day at the congress, three states, Kansas, Nebraska and Ohio, Aldrich of Nebraska and Stubbs of Kansas, addressing the delegates. In the afternoon the delegates of the United States Senator Robert L. Owen of Oklahoma, for the public health were urged by both Dr. W. A. Evans, former commissioner of health of Chicago and Dr. Henry Albert of the Iowa State University.

John Roemer, railway commissioner of Colorado, discussed the important provisions of the public health laws of Wisconsin and the results of their operation.

A clash over the selection of the meeting place in 1915, for which San Francisco and Seattle are fighting, was narrowly averted.

Colonel H. D. Loveland introduced a resolution endorsing San Francisco. Alva Adams of Colorado moved that the resolution be changed to read that the present congress recommend to the congress of 1914 that the session in the following year be held in San Francisco. Several delegates rose to their feet and tumult was ended temporarily when the chairman ruled the matter out of order.

## CONGRESSMAN TO VIEW OUR HARBOR

Wm. E. Humphrey, Commit-  
teeman, to Be Guest of  
Knowland.

Congressman William E. Humphrey of the State of Washington, member of the rivers and harbors committee of the House, will be the guest of honor at a luncheon at the Forum on Friday, at 12 o'clock, following his tour of inspection of the city's waterfront. He will be entertained while here by Congressman Joseph R. Knowland and the chamber of commerce, who are sending out invitations this afternoon to the guests who will accompany the congressman on the boat trip.

Humphrey will arrive in Oakland at 8:23 Friday morning from Oregon. At 10 o'clock he will go aboard the government tug Golden Gate, placed at his disposal through the courtesy of Collector of the Port Fred S. Stratton, and leaving from the city wharf at the foot of Franklin street, the trip along the waterfront will be made. The party on the tug will be in charge of Deputy Collector of Ports W. G. Hamby, while the invited guests will include Mayors Frank E. Mott and William W. of Alameda, the members of the harbor commission of Oakland and Alameda, the president and secretary of the Oakland merchants' exchange and the directors of the chamber of commerce with a few other especially invited guests, including Congressman Joseph R. Knowland, Julius Kahn of San Francisco and Hiram of San Jose.

Following the luncheon at the Forum at noon, Humphrey's time will be at the disposal of his hosts and other plans will be made to enable him to secure the information he desires in connection with his official duties as a member of the rivers and harbors committee of the House.

## DR. MERRIAM TO ADDRESS MEMBERS OF HARVEY CLUB

UNIVERSITY OF CALIFORNIA, Nov. 15.—Dr. C. Hart Merriam, consulting biologist of the U. S. Department of Agriculture, will deliver the address to the Harvey Club at their meeting Friday evening in California Hall. His subject will be "Concealing Coloration of Animals." The lecture will be an illustrated one, over one hundred slides being used. The public is invited to attend.

Dr. Merriam has devoted his life to research work among the North American mammals in connection with the government bureau of biological survey. His contributions to the known laws governing the distribution of animal and plant forms are extensive and he is at present engaged in active research work on the bears of this continent. In vertebrate zoology he has the distinction of discovering and describing hundreds of new species of North American mammals.

## GREELEY TRIAL MAY REQUIRE NEW VENUE

Superior Judge Harris this forenoon began the trial of the \$30,000 damage suit brought by Edna F. Greeley against the Southern Pacific company for the death of her husband, Paul A. Greeley. The work of securing a jury was extensive and by the time the court will have to call a special venire to fill the box, owing to the fact that juries are sitting in two other departments.

Greeley, March 1910, was employed on a Southern Pacific work train. While the train stood on a siding at Vallejo Junction one day a locomotive ran into it and killed Greeley, who was in the caboose at the time of the accident.

## REFUSES TO WASH FEET OF HUBBY; SEEKS DIVORCE

SAN FRANCISCO, Nov. 15.—The right of American citizenship and suffrage granted by the recently adopted constitutional amendment wipes out the unwritten anti-Salic law of Hungary, which rules that one of the housewife's duties is, upon request, to bathe the feet of her husband. On the ground that it is cruelty toward her to compel her to perform this service, Mrs. Chrisa Seguer, head dressmaker at the St. Francis hotel, today brought suit in the Superior Court for divorce from Lazar Seguer.

In her complaint, the wife admits that ever since her marriage in 1901, she has been her custom to follow the practice. On August 10 last she says she returned home tired from her work and when her spouse made the usual request for a foot wash, she refused to do so. Her refusal resulted in a quarrel in which she claims Seguer threatened her life.

Fearing him, she says, she left their home and took apartments elsewhere, but had no thought of divorce until Sunday.

During Sunday afternoon she boarded a street car. She saw her husband with a woman on the car. While Mrs. Seguer was looking at them, she alleges her husband grimaced at her and then bent down and kissed the woman beside him.

In addition to a decree she asks that she be given all of the community property and is otherwise willing to care for herself.

## Wash your clothes with GOLD DUST

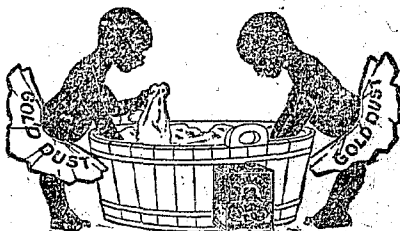

Good soap washes clothes well—if you use enough elbow grease, but Gold Dust washes them more thoroughly—and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water, and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

Just try Gold Dust next wash-day, and see how much time you save.

Do not use soap, naphtha, borax, soda, ammonia or kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form.

## \$500,000 FORTUNE REPORTED MISSING

Efforts to Find Trace of Rothschild Money Thus Far Futile.

NEW YORK, Nov. 15.—Efforts to find a trace of a half million dollars which, it has been said, David Rothschild had hidden in safe deposit vaults in New York or New Jersey before he died, while serving a sentence for looting the Federal Bank several years ago, proved futile. Further inquiry is to be made.

George W. Glaze, attorney for the receiver of the wrecked bank, left today for St. Louis to interview Rothschild's widow, Mrs. E. C. Batten. He said he hoped to get the money for the 2000 depositors, who lost all but 46 per cent of their cash. Glaze believes an effort is being made somewhere in the country to locate the money by Rothschild, under which interested parties would seek to get the fortune.

## DEAFNESS CURED

When Caused by Catarrh

If you have ringing noises in your ears, catarrh germs are making their way from the nose to the ears through the tubes.

Many cases of deafness caused by catarrh have been cured by breathing HYOMEI. It reaches the inflamed membrane, heals the soreness and banishes catarrh, which is the cause of most deafness.

C. Vanaman, railroad conductor of Birmingham, N. Y., writes that he was cured of deafness after specialists had failed.

HYOMEI (pronounced HYO-mey) is guaranteed to cure catarrh, coughs, colds, asthma, croup, and sore throat. It costs but a few cents. Complete outfit with inhaler \$1.00. Extra bottles 50 cents. Sold by enterprising pharmacists and druggists everywhere. Test sample and booklet free from Booth's Hyomei Co., Buffalo, N. Y.

## PENNY LUNCHES ARE POPULAR WITH PUPILS

CHICAGO, Nov. 15.—Penny lunches which the school board, as an experiment, began to serve a few months ago, have developed into a part of the curriculum in several public schools here. They have been found to be of great value in making the children more plump and the little brains more active.

Before the lunches were instituted, many of the children seemed backward in their studies. It was found that nearly all of these came from families in straitened circumstances. Then the school board began the lunches to see if it was food that was needed. Within a short time it was found that there was a remarkable improvement.

At a school in the north side Italian district yesterday, 202 children were fed. They disposed of seventeen loaves of bread, generously spread with butter and molasses and six gallons of milk. In addition to being fed, the children are taught table etiquette.

## JUROR MUST EXPLAIN "LOAN" TO BLACKBURN

REDWOOD CITY, Nov. 15.—Matt Callan, a member of the San Mateo county Grand Jury, is to be called before that inquisitorial body to explain why he passed \$500 to Supervisor Daniel Blackburn of Pescadero, when his petition for election license was up before the Board of Supervisors.

The issuance of the license, which had been pending for more than a month, was put through the Board of Supervisors after Callan produced the coin in August last. The grand jury does not deny that the money changed hands, but contends that he loaned Blackburn \$500 on a note, which, however, he has not yet produced.

## KEROSENE LAMPS ACCENTUATE GLOOM

Here's a Chance to "Let Your Light So Shine." School Directors.

Meeting in a large room lighted by kerosene lamps brought by parents in the audience, a Child's Welfare League neighborhood mass-meeting committee of out school passed resolutions tonight urging the Oakland Board of Education to equip with electric lights one room or auditorium in each of the public schools of the city.

"The improvement clubs, the mothers' clubs, and organizations like the Child's Welfare League," said Mrs. Ellen Carls, of the Berkeley Board of Education, president of the league, "should be able to use the public school buildings for social centers, and thus in part bridge the existing gap between the schools and the people. Now that we have the initiative, the referendum and the recall, with women's suffrage, the people must go to school to learn citizenship, statesmanship, and the right and wrong in public questions. What better place in which to learn that than in the public school building, built by the people's taxes?"

Other speakers were Dr. Florence Sylvester, of the Department of Health Development of the Oakland schools, Probation officer Christopher Ruess, Principal J. E. Adams, of the Prescott school, and Mrs. Nellie Nelson, of the neighborhood mass-meeting at the Pres. Child's Welfare League.

## SAHARA TO BE PLANTED WITH SPINELESS CACTUS

LOS ANGELES, Nov. 15.—Negotiations are under way between local men and the authorities in various parts of the Sahara which are expected to result soon in the introduction of Burbank's spineless cactus in the mighty African desert. They believe that the Sahara is peculiarly adapted to the cultivation of various kinds of spineless cactus. If this is true, the vast waste may be revolutionized in time to come, by the California wonder.

Extensive shipments of the spineless cactus are now made from Los Angeles to some of the South American countries. Two heavy clearances for Port-au-Prince, Haiti and Buenos Ayres were made yesterday through Swedish Vice-Consul Carlson.

## POLITICS KEEN AT HIGH SCHOOL

JACK LEARNER.

Political affairs of the Oakland High school officers while others are seeking positions on the editorial staff of the Aegis, the High school publication. Four school officers, namely, that of president of the student body, secretary, financial manager and auditor, are most desired.

"Jimmy" Porter, captain of the football team, and Jean Witter, formerly auditor, are the two opponents for the office of president and a lively tilt is expected.

Owing to the lack of a rival, Norma Dearborn has been elected secretary. For the office of financial manager, John Howard, incumbent, and Jack Learner, star trackman and at present business manager of the Aegis, will fight it out with honors about even. An equally close campaign is being fought out between Earl Pedlar and Frank Stewart, for auditor with much antagonism between the rival aspirants for office.

Harry Crech has clinched the position

## TWO COMEDIES TO BE REPEATED AS O. E. S. BENEFIT

MISS ALMA WAGNER.—Photo by Greene.

So successful was the presentation of the two comedies, "The Kleptomaniac" and "Barbara" by the members of Cresco Circle of the King's Daughters recently that they have been asked to repeat the evening's entertainment for the benefit of Fruitvale Parlor, No. 597, O. E. S.

Accordingly another performance will be given Friday evening of this week at the Masonic Temple at Eighth avenue and East Fourteenth street, to which the public is invited.

Beside the two comedies, a program of music will be given by Harold Hilton, a well known violinist who will be accompanied by Miss Irene Lloyd. At the close of the performance, dancing will be indulged in.

**LOSS OF PURSE.**

The plot of the "Kleptomaniac" is woven about the loss of a purse containing a number of valuable rings and a large sum of money. The owner suspects a fashionably dressed woman who sat beside her and the comedy is furnished by the situations arising from the efforts to apprehend the thief in a diplomatic manner and at the same time to keep all knowledge of the affair from the husband and the press. Following is the cast:

Mrs. John Burton (Peggy), Mrs. Leonard Clark; Mrs. Valerie Ormsby (a young girl); Miss Mary Nelson; Mrs. Charles Dover (a bride); Mrs. Arthur Barber; Mrs. Weston Ashley (Bertha); Mrs. John Stoner; Mrs. Freda Dixon; Miss Eva Gunn; Miss Evelyn Evans (a journalist); Mrs. Arthur Hutchinson; Katie (Mrs. Burton's maid); Miss Hazel Gunn.

**FEMININE WILDERNESS.**

Two well known young men of the city are cast for parts in "Barbara," for which the dramatic personae is as follows:

Barbara, Miss Alma Wagner; Lily, Miss Helena Hale; Cecil, Edgar Thompson; Finnicum, Arthur Hutchinson.

## CARNEGIE REMAINS AT HEAD OF TAX LIST

NEW YORK, Nov. 15.—Andrew Carnegie still heads the tax list of New York City, with an assessment on personal property valued at \$10,000,000, a real estate valued at \$2,000,000 more. Since 1903, Carnegie's personal property has been assessed on a valuation of \$5,000,000. His tax bill next year will exceed \$222,000.

Mrs. Russell Sage, who since the death of her husband has paid on a personal assessment of \$5,000,000, yesterday obtained a reduction to \$2,510,000, in spite of the fact that her assessment was increased this year to \$10,000,000.

Levi P. Morton, former vice-president of the United States, appears on the tax lists for an assessment of \$2,000,000, but submitted an affidavit yesterday to show that he is now a resident of Washington, D. C.

**SLAYER OF TWO SENTENCED.**

OLYMPIA, Wash., Nov. 15.—Sentence was formerly passed yesterday upon George H. Wilson, convicted of murdering Mrs. Nettie Coble and her husband, Archie Coble, by chopping them with an ax at Rainier on July 10. Wilson was given from ten to twenty years in the State penitentiary. He was convicted of second degree murder.

## PRINCIPAL PETRAY HONORED ON BIRTHDAY

In honor of his birthday anniversary, the teachers of the Grant school tendered H. C. Petray, principal of the school, a luncheon yesterday afternoon. The members of the graduating class served the courses. Mrs. H. C. Petray also shared in the honors of the day.

The menu was cooked by the girls of the class of December, 1911, who were complimented upon the spread. It had been prepared under the supervision of Miss G. Wackler, instructor in domestic science in the school. Two turkeys and all the eatables that go with it were placed before the guests. The corps of teachers of the Grant school as well as Mr. and Mrs. Petray, were seated at the tables.

of editor of the Aegis without opposition, but a determined pair, namely Harold Reynolds and Clarence DeLaney, aspirants for the managing part of the paper.

**GIRL POLITICIANS BUSY.**

The feminine contingent is also busily engaged in school politics. Once a term the girls produce an edition of the school paper known as the "Girls' Aegis" and produced by the girls. The girls have edited this edition is known as the first assistant editor. For this position Caroline Ketchum, Mildred Manuel and Alice Watson are soliciting votes. A very heavy vote will be polled. This will be the most bitterly contested for office in the whole election.

The remaining officers are attracting less notice. Grant Hunt and Leland Stevens are candidates for second assistant editor. Gonzales and Edward Bronson for Josh editor, and John Cooper and Maurice Knowles are fighting it out for organization editor.

The primary election will be held tomorrow.

## CANAL SUBSIDIES IS STIMSON'S PLAN

Administration of Big Cut as Military Adjunct Also Touched On.

KANSAS CITY, Mo., Nov. 15.—In addressing the Kansas City Commercial Club last night Secretary Stimson, in dealing with the problems presented by the approaching completion of the Panama Canal, took advanced ground in favor of subsidies to American shipping during the canal for its administration as a military adjunct. He called attention to the fact that although there will be water enough in the canal to float small boats throughout its length by the close of the rainy season which commences next May and while the canal will be fully ready for ocean traffic, through our own neglect no provision has been made for its operation. As soon as the canal is completed the President's authority over it will cease unless Congress comes to the rescue. A great economic loss will be involved in allowing the splendidly efficient force of employees to disintegrate, when so much of it will be needed for the permanent operation of the canal.

Then there is the problem of creating a permanent organization or government to operate the canal and to control the zone. The country is worthless for agricultural purposes; mostly a tropical jungle or low rocky hills, and it is preposterous to think of it ever forming a basis for an American farming settlement. This fortunate condition affords an opportunity for the creation of an organization for the almost sole purpose of opening and shutting the lock and raising and lowering the water in time of trouble; it is not a question of educating or of uplifting a dependent people and there is no reason for introducing all the complex checks and balances of a self-governing community.

The secretary declared that at the bottom the canal presents a military problem. For defensive purposes it will double the capacity of our fleet and to have it blockaded at a critical moment in our national life either by accident or design might be quite as disastrous as having twenty of our battleships sunk at sea. The temptation which that fact imposes upon any nation with whom the United States may be at war must never be lost sight of. Correspondingly its military administration will make it a powerful ally in assuring a maintenance of peace.

**TOLLS ON VESSELS.**

Touching the right of the United States to pay tolls on American vessels using the canal Secretary Stimson had not the shadow of a doubt. He said there would be no violation of our treaties or our rights of free trade and no doubt as to the right of the United States both legal and moral to subsidize its shipping passing through the canal. Under the treaty with Great Britain the rules of the Suez canal were to govern even in the event of a violation of the rule of neutralization for a nation to pay the tolls upon the vessel flying its flag. Substantially every European government using the Suez canal has such subsidies, fully or partially equivalent to the tolls. When the Panama canal is opened the vessels of all of our marine competitors who use it will be in receipt from their governments of sums of money either given them directly to pay their tolls or applicable to their discretion to such use. Therefore, said the secretary, it was perfectly clear that the United States had the right to appropriate to the vessels paying the same the sums paid into its treasury by those vessels in the form of canal tolls.

## ISHI MAY BE CALLED TO SERVE ON JURY

OROVILLE, Nov. 15.—At last there is a real excuse for Ichi's existence—a vocation has been found for him—he is the long sought round peg for the round hole. At a meeting yesterday it was suggested that Ichi be called as a juror in the Rumball murder trial; that he might be the only man qualified to meet the approval of both sides—and, incidentally, that the plowing season is on and the men folk are too busy to sit on judgment a fellow man.

Farmers and business men are wrought up over the calling of a special venire of 100 men for the Rumball case.

The venires necessitate that many men will have to quit work in the height of the plowing season and that merchants who are busy with the holiday trade will have to absent themselves from home. The suggestion that Ichi be summoned was welcomed. He is a resident of this county and is said to possess the qualities which the attorneys seem to demand of a jurymen.

## RESCUING TUG CAPTAIN RECEIVES HIGH TRIBUTE

PORTLAND, Ore., Nov. 15.—Captain Charles T. Bailey, master of the tug Tatooch, which saved the steam schooner Washington when she had all but gone on Foulc Spit Monday, received a tribute for his act seldom accorded to a sea captain.

Yesterday E. S. Edwards and George F. Fuller, the local United States inspectors mailed Captain Bailey the following:

"We note the press dispatches the account of your mastery and heroic work in the rescue of the passengers and crew of the steam schooner Washington, as well as the saving of the vessel.

"It is with a great deal of pleasure and pride that this board takes the opportunity of commending you and your brave crew for your gallant work in the rescue of human life."

## SERVES PRISON TERM FOR ANOTHER'S CRIME

IOLA, Kas., Nov. 15.—On the ground that John J. Healy, sent to the penitentiary from here in 1905 charged with a petty theft, has served two years in prison at Lansing for a crime he knew nothing of and has the prospect of three more years at hard labor before he can obtain release, friends of Healy have started a movement to give him freedom.

Evidence has been collected purporting to show that after Healy was imprisoned and while he was in the State penitentiary at Lansing he was the thief of a \$20 suit case with which Healy had been charged. After 14 months in prison, Healy was paroled. He left the state. Four years later Healy was arrested again in California for violating his parole and returned to the Kansas prison.

To aid you in selecting your material for the new bath or lounging robe we are making a special exhibition of the new robings in our Twelfth Street Windows. There is scarcely any end to the beautiful patterns to be had here in the various color combinations. The materials are heavy, warm and fleecy in double face, reversible and bordered effects.

The woman who has almost decided to make some member of the family a new robe for Xmas will make up her mind to a certainty when she sees these materials and pictures in her mind the warmth and comfort such a gift will give. First and foremost, give her a robe. Cords and tassels to match the materials in plain colors or combinations. Also cords made up to suit your taste at little prices.

## DEEP WATERWAY CAUSES DISPUTE

President of Association Takes Issue With Essay Writer.

CHICAGO, Nov. 15.—A deep waterway from the great lakes to the gulf of Mexico is visionary, behind the times and unjustified from any economic point of view, is the contention made by Harold Moulton, an instructor at the University of Chicago, who has been awarded a prize of \$1000 for the best essay on "Waterways vs. Railways" which Moulton spent last year in Europe studying waterways and railways.

**TAKES ISSUE.**

ST. LOUIS, Nov. 14.—W. K. Kavanaugh, president of the Lakes to the Gulf Deep Waterway Association, last night took issue with the view of Harold M. Moulton, the University of Chicago instructor who declared the deep waterway movement "visionary."

The case of transshipments has been gone into thoroughly. Kavanaugh asserts, and he cites the following instance to prove the advantage of a partial or all-water shipment:

"A cargo of barley was shipped from a California point, 8000 miles along the Pacific coast by vessels to Balboa. There it was unloaded to the Panama railway, taken to Colon, unloaded, reloaded into a coastwise ship to New Orleans, where it was conveyed again by rail to Chicago, which brought the cargo to St. Louis."

"The entire transaction was done at a cost of between 15 and 20 per cent less, than had the shipment moved across the continent direct by rail."

## NEED OF TRANSPORTS GREAT, SAYS WILKINS

CHICAGO, Nov. 15.—It would be an impossibility to furnish transports for soldiers should the United States become involved in war at the present time, was the opinion expressed by Major W. H. Wilkins, U. S. A., yesterday in an address before the Hawkeye Fellowship Club on "The Causes of the Turkish-Italian War."

"In case of war, the United States would find itself in the same position as Turkey is in today," he said. "We have spent all our time building battleships and have made no provision for an adequate merchant marine."

# Planning to Destroy Oakland

OAKLAND has grown and flourished, and will continue to grow and flourish, as a separate, independent, individual and self-governing city. Its public policies are developed to accord with its individual needs and capacity with its location, and its natural contacts with the opportunity for local and general trade and commerce.

These policies are now in action; they are in the process of rapid development. Our harbor is expanding and deepening to a capacity that will hold the deep sea trade of the Pacific and bring it to a contact between ship and car. On every hand business buildings of the first order are rising. Our new city hall, the finest municipal building in the United States, will soon crown the city. There is every reason for local pride in Oakland, every incentive to local patriotism, every reason to look to a future of wonderful development, and to expect here a city of dense population and immense trade. Oakland wishes to be let alone, to work out her own destiny, to accomplish her great plans and to justify the hopes which have induced millions to be invested here.

But in San Francisco are uneasy spirits who propose to destroy Oakland, to rob it of individuality, to arrest its

independent enterprise, to kill the prosperity of its people, and throttle its growth.

In San Francisco is an organization with a fund of more than a quarter of a million to be spent in destroying Oakland by annexation to San Francisco. We say "destroy Oakland," advisedly. Annexation means destruction to this city, and that is what San Francisco desires. That city looks on our progress with green eyes, and instead of initiating intelligent competition and high-minded rivalry proposes to kill what she cannot imitate. The organization committed to this crime against Oakland proposes to resort to the initiative and referendum, to secure such changes in the constitution as will absorb Oakland against the will of her people.

This is a grave emergency. Our people must appreciate the danger. The new features voted into the state constitution peculiarly expose Oakland to the risk of destruction.

The conspiracy against us is advanced. It is already in action. It is a conspiracy, with a criminal purpose. When bad men conspire, good men should combine. We have leaders in Oakland. Let them lead and the people will follow.

## Whites Increase Faster Than Negroes.

Fear of Negro domination made the South solidly Democratic in the seventies and has kept it fairly solid ever since, although Maryland, Kentucky and Missouri—all border States with a relatively small black population—have kicked out of the traces on several occasions. At last, however, the specter of Negro domination is laid. The tabulations of the bureau of statistics for the census taken last year shows beyond peradventure that the white population of the Southern States is increasing much faster than the colored population. The high death rate and the constant drift to the north keeps down the colored population, while the whites have the advantage of a lower death rate and are recruited by a steady, though small stream, of immigration from the States north of the Potomac and Ohio rivers.

But the vital statistics prove conclusively that the natural increase of the whites in the old slave States is greater than the increase of the blacks. Since their emancipation the birth rate among Negroes has rapidly declined, while the death rate has increased. In other words, the colored people multiplied much more rapidly in slavery than they have in freedom. An enormous increase in the colored population was shown by the census of 1880. But this increase was more apparent than real because it was based on a comparison of the census figures of 1870 with those of 1880. The census of 1870 was imperfectly taken and grossly understated the number of Negroes in the Southern States. The census of 1890 proved that there was a false quantity in the apparently abnormal increase in the colored population shown by the census of 1880. The census of 1900 dissipated all doubts on the subject. It is now conclusively demonstrated that the Negroes are relatively a declining factor in the particular region in which they were supposed to have a climatic advantage.

During the last decade, 1900-1910, the white population of the South increased 4,025,603, or 24.4 per cent, as compared with an increase of 826,421, or 10.4 per cent, for the Negro population of the South. For the remainder of the country outside of the South there has been an increase in white population during the decade from 50,287,226 to 61,185,114, the growth thus being 10,897,888, or 21.7 per cent. The Negro population outside the South has grown from 911,925 to 1,078,904, or by 167,979, equal to 18.4 per cent.

In 1910 the Negro population was relatively smaller in every Southern State, West Virginia and Arkansas excepted, than it was in 1900. There were more Negroes but a still larger proportion of whites. In the South the natural white increase is greater than it is in the North. The large increase in the colored population of West Virginia and Oklahoma is due to migration from States further south. In Kentucky, Maryland and Tennessee the colored population has declined since 1900. In 1900 the Negroes outnumbered the whites in South Carolina and Mississippi. The blacks are still in the majority in those States, but their numerical preponderance has declined. In time it will disappear entirely. A generation ago the advisability of abandoning South Carolina and Mississippi to the Negroes was seriously discussed. Today the person advocating such a proposition would be declared a lunatic.

The Negroes in the United States rely upon their own powers of reproduction to sustain themselves. They are confronted with an overwhelming white majority that brutally insists upon keeping its foot on the neck of the black man. The colored people are in a condition of political servitude and are denied equal industrial opportunities. They have better industrial opportunities in the South, where they have been almost completely deprived of political rights. Their numbers are not replenished from any exterior source, while a constant stream of immigrants from Europe continues to swell the white population. Under these conditions the future of the Negro in this country is a problem. What is ultimately to become of him? What is to be the fate of this exotic colony planted in the midst of a stronger and far more numerous race filled with race pride and the lust of domination?

The overwhelming Democratic victory in Kentucky will probably be a warning to the Republicans not to repeat the experiment of nominating a prohibitionist as their candidate for Governor in a State famous for the quality and quantity of the whisky distilled in it.

## Medical Services for Rich Patients.

A much-debated question of medical ethics is again brought to attention by the suit Dr. Joseph A. Frankel has brought against the estate of the late E. H. Harriman. Ought a physician to charge a rich patient more than a poor one? Perhaps a better way to put it would be to ask if medical services should be rated in proportion to the wealth of the patient? That bills are frequently made out in accordance with the size of the patient's purse is notorious. On the other hand the great majority of physicians do an enormous amount of work for nothing—mainly because the patients served gratis are too poor to pay the minimum charges prescribed by the medical associations.

Dr. Frankel attended Mr. Harriman from March 1 to September 1, 1909, and rendered a bill for \$4500. Mrs. Harriman refused to pay the bill on the ground that it is exorbitant. Dr. Frankel has sued to recover his claim. If Dr. Frankel devoted so much of his time to Mr. Harriman that his general practice was injured, it would not appear that the compensation he asked is extravagant. His attendance covered a period of six months. The diligence of the attendance as well as the quality and character of the service is a factor in determining the amount of compensation the physician should receive. If he sent in a big bill simply because the patient was a multi-millionaire another aspect is put upon the case.

If we compare Dr. Frankel's bill with the sums the government paid to the physicians and surgeons who attended Presidents Garfield and McKinley after they were shot, it does not seem to be excessive. However, those physicians practically gave all their time to their patients while attending them. The circumstances may have been entirely different in the Frankel-Harriman case. But all this is aside from the question: Is it ethical and equitable for a physician to rate his services in proportion to the wealth of his patient? A sense of gratitude prompts most patients of large means to be liberal in paying for medical services, but there are exceptions. No matter how rich they are some people object to paying a penny more than a thing is worth or a farthing more than the standard price. Once a certain multi-millionaire in San Francisco sent back a bill for medical services "to be corrected in accordance with the fee scale authorized by the San Francisco Medical Association." In his opinion he was entitled to medical attention at the minimum cost.

Rich patients usually call in physicians of eminent talents and extensive practice, and it is their habit to be very exacting in their demands on the time and attention of their medical advisers. It is not only human nature, but essentially just that the physician should charge extra for extra service, especially if the patient be immensely rich. Nor does it appear inequitable or contrary to the natural law of compensation for a physician who gives his time, talents and skill to patients who are unable to pay to charge wealthy patients a rate above the ordinary. Some patients would not believe the doctor was giving them his best service unless he charged them extra fees.

Fifteen "prominent" citizens of Lincoln, Kansas, are being prosecuted for tarring and feathering a young woman school teacher who had given offense to their moral sensibilities. This would indicate that brutes and cowards are sometimes classed as prominent citizens in Kansas. Wonder how many of this brand of purists would escape the tar brush if men were punished for the same offense that this young woman was suspected of committing? But in Kansas, virtuous bleeding Kansas, what is tar for the goose is sauce for the gander. Nor is Kansas the only place where it's a poor rule that works both ways.

The rains are late in coming this season, hence the autumn weather has been deliciously clear, dry and warm. But it cannot last, and this fact should warn people to do their holiday shopping while the skies are bright and there is no damp and mud under foot. Heavy rains are likely to come at any time at this period of the year, and the wise shoppers will do their buying now while the weather is good and the stocks of holiday novelties are full and varied.

## Pictures as Education

Down in Texas they are thinking of making use of the motion pictures in the public schools. The lines of use proposed by the Texas school officials are practically the same as those that have been discussed in the columns of the Telegram on one or two occasions. It is contended that the motion picture will have special value in the teaching of history, of geography, of the elements of literature, and of the fundamentals of some of the natural sciences.

In the one study of geography there is apparent, and as it seems to us, indisputable value in the motion pictures as a school educator. The motion picture permits the school room to travel and see, and the impression from that is more forceful and more lasting. The manners, the trade life, the busy, everyday appearance of great centers, are all subject to visual review in the school room by the magic of the motion picture. The text of the lesson that was dry becomes illuminated with interest. The appeal that is made to the pupil and the effect of it are altogether different than any heretofore made in the school-room.

So of history. If the great historical events of our own country were to be enacted by competent people, as they might be, and the result shown in the school-room through the agency of the motion picture, the American boy and girl would see those events in a new light—a more personal and familiar light. For the fact is, the picture always has a strong appeal. Where the picture is augmented by action that makes the scene real and gives it life—to teach by that process could not be otherwise than effective.—Portland Telegram.

## MEN AND WOMEN

The intricacies of a great man's character are often simplicities of his wife. Once, when the present poet laureate had paid a visit to Tennyson, his immediate predecessor, Tennyson walked with him as far as the gate which led to the highway. There, says Alfred Austin, in his recent "Autobiography," while the elder poet stood leaning on the gate a party of wide-eyed sightseers appeared. "What a vulgar people the English are!" Tennyson exclaimed. "They come here to watch for me, and when they see me they say, quite loudly, 'There's Tennyson!'"

Mr. Austin afterward repeated this to Lady Tennyson, who smiled tenderly, but archly. "My husband would be much more annoyed if the people didn't come," she said.—Youth's Companion.

It's a shame to revive it—but perhaps you do remember that unfortunate interview granted by Miss Margaret Illington just before that talented actress discarded Daniel Frohman as a husband in search of a more complete domesticity than her stage life had afforded her. "I want to be just a wife," she cried, passionately, and I want to have a home and babies and dam spoke."

Whereupon, having married Edward Bowes, a well-to-do lumberman of the Pacific Coast, she returned to the stage. Mr. Bowes travels with his beautiful wife whenever he can. But that is because he loves her. Really, his tastes are as domestic as are the lady's. Immediately upon reaching his rooms after a toilsome day he throws off his coat, loosens his collar and substitutes a pair of slippers for the patent tortures of civilization. The other day Charles Kenyon, who wrote the play in which Miss Illington was appearing, called at the Bowes apartment. Mr. Bowes greeted him, in his slippers. There was a large hole in the heel of one of Bowes' socks.—Cincinnati Times-Star.

## RHYMED STUFF

UNDER THE SKY.  
Under the sky and the sun and the trees  
again,  
Back to the shack and the tippy canoe,  
Isn't it good to know pleasures like those  
again,  
Here where the lake glimmers coolly  
and blue?  
Here where we dress—if it suits us to—  
crazily,  
Putting on any old thing that we own,  
Working or taking things easily, lazily,  
Nobody caring how frowsy we've  
grown?  
Think not we're cavilling sourly at city  
life,  
Nobody's fonder of cities than we.  
Still, it is wearing, a grim and a gritty  
life,  
Once in a while it is pleasant to flee,  
Far from the heat and the noise of the  
hurrying,  
Out where the restful old camp is out  
home,  
Where the birds chatter and squirrels  
are scurrying,  
Here, where no white lights make glare  
of the gloam.  
Here for a time—like a couple of sav-  
ages—  
We can be free of pretence and dis-  
guise,  
We can recoup from the frets and the  
ravages  
Which have drawn the circles of blue  
round our eyes;  
Here is the scent of the pines in the  
breeze again,  
Here is the sunshine to paint us with  
tan,  
Under the sky and the sun and the trees  
again,  
Gee, but it's good to be a wearied  
man!  
—Popular Magazine.

## THE FATALIST

"The Sultan looked up."  
"What is the latest?" he demanded of  
the aide who had just entered the apart-  
ment.  
"Commander of the Faithful," began  
the officer, "I am the bearer of bad tid-  
ings. Our navy is no more."  
The Sultan gave a sudden start.  
"No more what?"  
"It no longer exists."  
The Sultan drew a deep breath.  
"The difference between the Turkish  
navy existent and the Turkish navy non-  
existent is too slight to be computed by  
ordinary means," said the Turkish ruler.  
"It was a fatal when you entered your  
had come to report a real disaster. Have  
a cigarette, Mustapha."  
Then as the aide bowed his way out  
the ruler gravely returned to his chil-  
book.—Cleveland Plain Dealer.

## THE MYSTIC MIKADO

Many admirers of Japan and of its sovereign do not hesitate to hail the Emperor Meiji as the greatest man of the age. Others do not go so far. In the eyes of the Japanese of course their ruler is not man but a demigod and all comparisons of this world fail.

For 600 years Emperors of Japan lived not figuratively but actually behind screens. They never trod this lowly, contaminating earth. Nothing of what went on outside of their beautiful prisons ever penetrated to their sacred ears. Then there was a political upheaval, the usurping Tokugawas were put to flight and for once we see the Mikado plain; a pale, sickening boy, with eyes blinking in the light with which his throne was now so suddenly flooded. He could not walk unaided even when it was thought for a moment that his life was in danger, and the language that he talked was not Japanese but a palace language only understood by a handful of courtiers, and palace servants. Yet this helpless boy whom Sir Henry Parks, and the other representatives of the Western world in China during the memorable year of 1863 were inclined to sneer at and even browbeat, has conquered China so long the mistress of the East, fought Russia, to

a finish and raised his once obscure island empire to the rank of a world power of the first magnitude, says a writer in the Metropolitan Magazine.

To his people, despite all the other changes which the last decade has seen, the Mikado still remains the vague mystic figure of the feudal days. Outside of the imperial clan no man has ever spoken to him directly, not even Prince Ito or General Yamagata, the old bow and arrow soldier whom he loves. Conversation even with the Elder Statesmen must pass through a "third voice" so as to preserve the etiquette of indirection.

The Mikado, Earth-Born Son of Heaven, and his court of demigods dwell in a forest solitude in the midst of the great city of Tokio. The palace world is separated from the world of the people by a triple moat of dead water and a double wall of granite crowned by twisted pine trees and mottled with mist of ages. Except upon stated occasions, the Mikado is as invisible and well-nigh inaccessible as the sun goddess and the hereditary treasures of the Ise shrine. In his august person the hotly disputed origin of his race finds its reflection, for he has the eyes of the Mongol, the coloring and facial structure of the Malay.

## STRAIGHT ROADS OF FRANCE

I find something disheartening in these straight and splendid roads of France, ruled like white lines across the country, with their rows of trees, thousands and thousands in a row, placed with the regularity of railway sleepers. Such roads were made for armies, not for natural men and women. On such a road when you come to a hilltop you see before you, perhaps for the first time, a straight white ribbon lying across the plain; before you have gone half a mile you have traversed it all backwards and forwards with your eyes, have traveled in your imagination to its farthest limit, have seen all there is to be seen, so that there remains nothing but the mere physical business of moving your body along the remaining four and a half miles. The engineering is magnificent, but there is something unfriendly in it. I remember once starting to walk with a friend from Dieppe to Paris, and taking too large a stage on the first day. The distance, I think, was about twenty-five miles. We did everything we should not have done. We started in the early part of the day, we wandered into forests by the roadside, we ate hungrily and too well at a country inn, we talked continuously, with the result that toward nightfall two miserable, list-covered figures began the descent into the Normandy town of Neuilly-chateau-Bray. The approach to the

town, which lies at the foot of a hill, is a triumph of engineering. The national road winds down in a gentle spiral, by a hardly perceptible gradient, round the vast circumference of the hill. Below us, a stone throw away, twinkled the well coming lights of the town; a jumble, almost have landed us upon its roofs. But the broad road, in obedience to the laws of mathematics, curved grandly away from it, fetched a great compass and entered it from the other side. And we limped down this vast avenue examining its surface before each footstep lest there should be a stone or inequality which would further mortify our bruised members. I thought on that occasion, and think still, that it would have been kinder if the French engineers, in making such grand military avenues, had also cut a little path, straight and deep, where the foot of a weary mortal might reach his shelter for the night. Perhaps if we had looked we should have found some such natural path, but we dared not leave the certainty of the main road on a mere chance, with the risk of perhaps adding to our fatigue and hiding no other way. The short cut, if there was one, would probably have been steep and rough, as most cuts are; but I think we should have put up with greater pain to the feet for the sake of greater ease to the mind.—London Saturday Review.

## RECALL FOR WOMEN'S DUDS

A movement has been started in Atlanta to reform the street attire of the women of that city on the ground that it is "indecent" and "a disgrace to womanhood." Atlanta, it is incidentally stated, is "the best rouge and face-powder market in the South."

If these allegations are true the Georgia city must be credited with having attained to metropolitan extremes of feminine fashion. Some of its women are apparently worthy to take part in the Sunday parade on upper Broadway. But the fact of general interest is the effort of its leaders to have the City Council pass an ordinance regulating the street dresses of women.

The enactment of such a law would put Atlanta in the forefront of American cities in the matter of regulating the public's personal affairs to suit the whims and prejudices of a minority. We should then have the initiative in women's fashions left to the Paris dressmakers, the referendum to the general body of the sex who adopt them and their recede to the clubwomen and social reformers who find them obnoxious.

But if Atlanta prescribes the length and width of hobble skirts and the depth of Dutch necks, and inhibits the use of rouge, will it refrain from regulating the cut of décolleté dinner gowns and enforcing rules for the wearing of top-hats and "dress suits"? If Alben Barkley, S. D., had had a social ordinance of that kind the \$10-a-plate dinner to President Taft would not have caused rankling animosities over the question of clothes.—New York World.

## 20 YEARS AGO IN OAKLAND

Eddie Hume of Piedmont is one of the most ingenious youths in town. He has recently constructed a roller coaster over three hundred yards long. The coaster runs down a hill and on wooden tracks.

The tug-of-war tournament of the Olympic Club drew a big crowd Saturday evening in the gymnasium on Lincoln avenue. It was a good exhibition and the Olympic Club will realize considerable money out of it. The first contest was between the Juvenile Olympic class and the Temperance cadets.

The attendance at the Oakland track Saturday, for the fourth day of the Oakland Jockey Club's winter meeting, was the largest of the season. The track was in fine condition and the weather was fair.

The Acme Athletic Club will hold their races at the Oakland track next Thursday afternoon.

The largest crowd ever assembled on the Berkeley cinder track was present at the games of the thirteen field day last Saturday afternoon. Although the track was slow and no time records were broken, yet the muscular development of the athletes came out and they smashed all previous records out of sight in four different field events and brought one American inter-collegiate record to the Pacific Coast.

Tonight George Kennan lectures at the First Congregational Church under the auspices of the Ebell Society.

The tug-of-war tournament will commence at the Oakland Theater next Wednesday night and (with the exception of Thursday) will continue until Saturday, and some very exciting contests are promised.

## TELLS OF CRIME IN HIS DELIRIUM

Antone Frank, Alleged Firebug, Raves of His Arson Attempt.

LIVERMORE, Nov. 15.—The authorities declare that from the incoherent mutterings of Antone Frank, who was shot and probably fatally wounded by Mrs. May Bankowski near here last Sunday, an almost complete confession of his guilt has been gathered. According to the report, Frank, in his delirium at the county infirmary has rehearsed his actions prior to the time of the shooting, explaining how he set fire to several of the buildings at different times and planned the destruction of a watch dog that he might the more easily burn the ranch house.

## SISTERS FOUND DYING FROM ASPHYXIATION

SAN FRANCISCO, Nov. 15.—Lying on a bed in a room at their home, 923 Shotwell street, two sisters, Mrs. Joanna Manchester, 75 years old, and Mrs. Kate Richardson, 73, were found dying yesterday afternoon from gas asphyxiation. A small gas heater standing by the bed of Mrs. Manchester, who had been ill for some time, was emitting a small flow of gas, but was not lighted.

## JUNIOR CLASS PLANS FRIDAY HOUSE PARTY

The members of the junior class of the Oakland high school will give a house party at Mowbray hall, Vista avenue near Vernal, Piedmont, on Friday night. The evening's entertainment includes dancing, refreshments, games and cards. The newly organized football quartet, composed of members of the Oakland high school rugby team, will render several selections. During the evening a burlesque on "Sunbonnet Sue" will be given by Miss Pauline Chamberlain and Easton Kent. Some electrical effects will be furnished by Elmer Stone, a prominent young student of the institution, who is well known among amateur wireless telegraphy enthusiasts about the bay. The dancing will be accompanied by Roy Anderson and Bliss Jackson on the violin and piano.

## NOMINATIONS CLOSED BY THE MINE WORKERS

INDIANAPOLIS, Nov. 15.—Nominations for the international officers of the United Mine Workers of America closed today, and T. I. Lewis of Bridgeport, O., who last year was defeated for re-election as president, will oppose John P. White of Oskaloosa, Iowa, the incumbent.

Edwin Perry, secretary-treasurer for several years, will have no opposition. There are thirty-three candidates for the seven places as delegates to the American Federation of Labor, among them John Mitchell. The election will take place December 12.

## WASHING A PLEASURE

A Washing Machine that washes a half tub of clothes in five minutes. Also rinses them without having to put your hands in the water. Seemingly believing. Will be pleased to demonstrate to you at 1018 Broadway, Oakland, Cal., what we state, and also show you an oven which will cook biscuits in four minutes and will cook four different things on the top, using only one burner, which reduces your gas bill two-thirds. We have sold to people who tell us that they would not take \$10 for the little Washer, for which we charge \$3.50. Agents wanted.

## LAST RITES SAID FOR M. J. BOHAN

Many Friends Pay Respects to Deputy City Clerk at Bier and Grave.

The funeral of M. J. Bohan, former city clerk at the city hall and recently street inspector of the Oakland street department, was held from the home of his mother at 4306 Telegraph avenue, Monday morning. A requiem high mass was celebrated at Sacred Heart church, interment being at St. Mary's cemetery. His body was placed beside that of his father, John Bohan, one of the pioneers of Oakland. The city and county officials as well as several of the most prominent men in Oakland sent numerous floral offerings.

## SALE

The Greatest Sacrifice Sale of Pianos and Players on Record

Neither Oakland nor the entire land for that matter, has ever seen such a sacrifice of highest grade pianos and players as is now going on at our Oakland store.

Just think of the situation which confronts us. Here we have a great 4-story building filled with over 350 of the finest pianos known to the music trade. Much of this stock had been bought for the Holiday trade, including many magnificent art pianos.

We have been disappointed in our new building, the Ells Furniture Company of Park street, Alameda, insist upon having this building by December 15th, the day their lease begins.

We simply have to get out. Every piano must be sold. To accomplish this we have placed the prices on every instrument here which will sell every one of them quickly if we can only get the attention of those who are thinking of buying a piano or player-piano. You owe it to yourself to investigate.

You can have no conception of the way we have slashed prices until you come in and see just what we are offering.

Do not let this opportunity slip by you and then later have to line some dealer's pocket with a nice, snug profit that might as well remain yours.

Remember, we must get out of here December 15th at the latest. We are going to clean out this store before that, so if you want your choice of these magnificent instruments you must come in at once.

## CROW'S HAIR ON BALD HEADS

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs, which rob the hair of its nutritive condition of the scalp, which prevents the development of new hair growth.

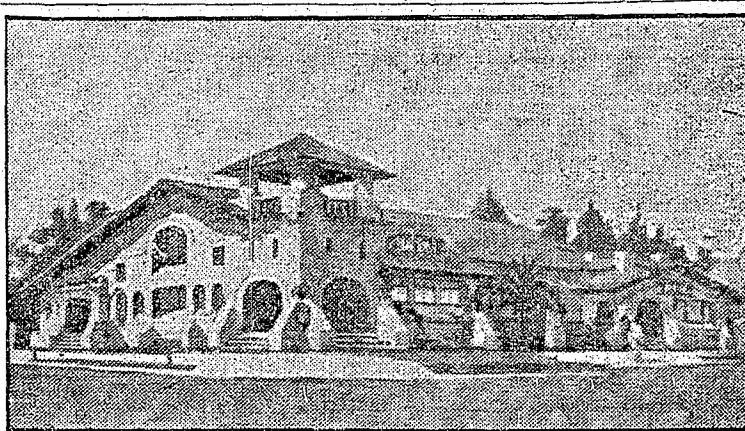

Pilocarpine is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to disease. Yet it is not a coloring matter or dye.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpine, combined with pure alcohol, because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on your personal scalp, and the trial will give you a penny if it does not give absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. No event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at the Owl Drug Company stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

## NEW FRUITVALE CHURCH TO BE DEDICATED TOMORROW

The new Congregational Church of Fruitvale, which will be dedicated tomorrow night with elaborate ceremonies.

FRUITVALE, Nov. 15.—It was announced this morning by the Rev. Burton M. Palmer, pastor of the new Congregational church of Fruitvale, that the edifice will be formally dedicated tomorrow night with an elaborate program and religious ceremonies, in which Rev. Charles F. Aked, D. D., of San Francisco, will take part.

The dedicatory address will be delivered by Charles S. Nash, president of the Pacific Theological Seminary. Besides Dr. Aked, another speaker will be H. H. McCoy, secretary of the San Francisco Y. M. C. A. The musical program will consist of a vocal solo by Hugh J. Williams, the Oakland tenor; organ selections by Walter B. Kennedy, former organist of the Fruitvale Congregational church, and choral offerings by the choir from the

First Congregational church of Oakland. Miss Virgilia de Fremery will be at the organ.

It is due to the indefatigable efforts of Rev. Burton Palmer and the trustees of the church that the building has been brought to completion. The edifice is in the mission style, decorated with a profusion of colored windows, one of which was painted by the late Mrs. Susan M. Farnham in Jerusalem. The board of trustees consists of George E. Tuman, president; E. M. Bray, vice-president; A. Macpherson, H. K. Fletcher, W. H. Hackett and Hugo Storch. The latter is the architect of the building.

A large gathering of persons prominent in church affairs on both sides of the bay will be present at the ceremonies tomorrow night.

## GRAND OFFICERS TO VISIT TONIGHT

Y. M. I. Prepares Program to Entertain Guests of the Evening.

The Good of the Order committee of Oakland council No. 6, Young Men's Institute, under the direction of Alex. Waters, and Speaker Ralph Knapp, has completed an excellent program for the reception of the visiting grand officers at the council chambers in Maple Hall this evening. As this is the occasion of the annual visit of the "G. O.", a large attendance is expected.

The drill team of the council has completed plans for a large turnout in the parade to be held in connection with the district initiation, to be held next Sunday in Potluma. The work of the team in the grand council parade, recently held in Santa Cruz, is still one of the pleasant memories of the occasion, and will endeavor to make the best showing of its career.

The debating club, recently organized in the council, will hold a meeting on the evening of November 23.

## STEWART EDWARD WHITE FEELS CALL OF WILD

SANTA BARBARA, Nov. 15.—Stewart Edward White, the well-known author, who returned a few days ago from Africa, where he spent a year hunting and animal and incidentally securing data for story writing, declared in an interview yesterday that he has determined to make another visit to that country. "There is something irresistible about Africa," said Mr. White. "You know I only saw part of it and I became so interested in the natives that I must return. The men make a business of buying and selling wives. Mrs. White and I could that natives consider the exchange of two women a big and complimentary price, so one day I asked a big chief what he would give me for Mrs. White. After carefully sizing her up, the chief said: 'Well, I guess she ought to be worth as much as twenty cows.'"

## MOBILIZATION OF FLEETS THOROUGHLY SUCCESSFUL

WASHINGTON, Nov. 15.—So well carried out was the recent mobilization in New York that Secretary Meyer has sent to Admiral Osterhaus, commander-in-chief of the Atlantic fleet, a letter congratulating him and the officers and men under his command.

A letter of enthusiastic commendation of the mobilization of the Pacific fleet has been received by the Secretary from Representative William D. Stephens of California, a member of the official party of the review.

## Spirits for Rheumatism

The use of spirits in the treatment of rheumatism has proved an innovation among the medical profession. When used with certain other ingredients and taken properly it is said to be an almost infallible cure for rheumatism and backache. Here is the formula: "From four druggists get one ounce of Toris compound (in original sealed package) and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bedtime." Refreshed and invigorated. If your druggist does not have Toris compound in stock he will get it in a few hours from his wholesale house. Don't be influenced by taking some patent medicine instead of this. Insist on having the genuine Toris compound in the original one ounce sealed yellow package.

## DEFENDS FAMILY NAME WITH ALIAS

Member of Senator Cullom's Family Held in Jail Since Big Fire.

SAN FRANCISCO, Nov. 15.—Under the name of John Black, a prisoner at the county jail, who has been held since the disaster of 1906, without a scrap of paper to show cause why or for what he was incarcerated, has concealed the name of United States Senator Shelby Moore Cullom of Illinois, of whom he is said to be a blood relative.

Black is said to be the black sheep of the family at the time he was convicted in 1904 he was charged with assault to murder and several of the friends of Senator Cullom did all that they could at the time to see that Black had a good attorney to represent him and was given all the advantages the law could afford. His crime, it is said, was easily proved and he was sentenced by Judge Dunne to twenty-five years in Folsom.

## PAPERS BURNED IN BIG FIRE.

Black was taken as far as Sacramento when he was brought back on a stay of proceedings. Then an appeal was taken. The bill of exceptions was on Judge Dunne's desk at the time of the great conflagration, together with the papers in the case, which were destroyed in along with the record of reversible errors and other points that would have given him a fighting chance before the Supreme Court for a new trial. Since then, as John Black, he has remained at the county jail.

Seven years is a long time to remember the errors declared to have been committed during the trial. Several of these, it is said, gave Black more than a good chance for reversal.

At this time Black's influential friends again went into action. Attorney A. S. Newburg was employed to safeguard Black's interests. Newburg has filed a petition with the District Court of Appeals for a writ of habeas corpus to force Sheriff Finn and the District Attorney's office to show by what authority Black is being held.

Black, in speaking of his own case, said: "I was in the old Broadway jail at the time of the fire. But in the excitement of those days we were all brought out here. We were lucky to get here alive and there was nothing in the way of a record saved at the old jail. My papers and everything pertaining to the case were in Judge Dunne's courtroom and they were all destroyed."

Black is apparently about 40 years of age, smooth shaven and prematurely gray. He talks well and shows evidence of educational advantages.

## COUNCIL OF WOMEN TAKES UP DISCUSSION OF BALLOT

CHICAGO, Nov. 15.—The ballot for women as a factor in the redemption of fallen womanhood and as a preventative of similar misfortune to other members of her sex, was discussed before the National Council of Women, in session here today, by Mrs. Catherine Vaughn McCullough in describing the effect of woman's winning the ballot in California.

Dr. Caroline Hedger discussed the ballot as an indirect means of preventing infant mortality as well as white slavery and pictured a time when, through the influence of women voters, "adequate public institutions to care for neglected or orphan babies, either through death or law, would provide a 'mother' for each baby and would regard the rearing of a human being with that solicitude now accorded the rearing of a horse or cow."

## KAISER CASTS HIS EYE ON SPANISH GUINEA

FRANKFORT-ON-MAIN, Nov. 15.—The German ambassador to Spain, Prince Von Ratibor, and the Spanish minister of foreign affairs, Marquis Garcia Prieto, have held a conference in Madrid, according to the Frankforter Zeitung, the subject under discussion being the session of Spanish Guinea to Germany.

## KNOWLAND GIVES PANAMA LECTURE

Favors Oakland College of Engineering With an Address.

With his illustrated lecture upon the "Panama Canal" Congressman Joseph R. Knowland entertained students of the Oakland College of Engineering yesterday afternoon in the school auditorium, Thirteenth and Madison streets. In explaining the engineering operations used in the course of constructing the great water way, Congressman Knowland stated that it was one of the great triumphs of the world.

In describing his trip to the Isthmian canal from Union station in Washington to Panama he presented interesting views of the change that has taken place in the canal zone since Uncle Sam took possession of it. There are at present fifty different nationalities at work on the Panama canal. It includes 25,000 West Indian negroes and 5,000 skilled American workmen.

"It is estimated that there are 350,000 men engaged in work on the Panama canal and that it will be completed, \$375,000,000," said Knowland.

## "NIGHT RIDERS" SHOWN ON BROADWAY SCREEN

There has been more said about the crimes of the night riders of the southern states in the last few months than of any other band of marauders the south has ever been troubled with. These whitecaps were the terror of that country-side for more than a year during the recent tobacco troubles and only were subdued and exterminated when the governors of the two states of Kentucky and Tennessee got together and called out the militia of the two states and started on a still hunt for these vandals. After five months of hardship and guerrilla fighting they at last found their stronghold and captured it. They are all now serving terms in the state's prisons there, many of them were hung and some are yet on trial.

This thrilling event is recorded most faithfully in the motion picture entitled "The Lives of the Night Riders of the South," which is being shown as a two-day special feature today and tomorrow at the Broadway Theater. This film is two thousand feet long and is in two reels and is said to be the most sensational and thrilling thing ever recorded in motion pictures.

"The Last of the Mohicans," from James Fenimore Cooper's famous tales and another feature being shown today is "The Lives of the Night Riders of the South," which is being shown as a two-day special feature today and tomorrow at the Broadway Theater. This film is two thousand feet long and is in two reels and is said to be the most sensational and thrilling thing ever recorded in motion pictures.

There are several other pictures to round out the program that will no doubt crowd the popular Broadway today and tomorrow.

"The Fall of Troy" is announced as a special attraction for the students on this Friday and is to be shown as a spectacle by request.

"Hands Across the Sea," a big two-reel historical production, is on for next Tuesday and Wednesday.

## AULD LANG SYNE AT CAMERA THEATER TODAY

There have been pictures and pictures galore but it remains for the Vitaphone Company of New York to eclipse them all in their magnificent production of that great ballad of Bobbie Burns, the favorite poet of the Scotch people, which they have done in 2000 feet of most exquisite photography and acting and all done in the native land, Scotland. It was no mean undertaking to take a company of artists from this country to do this job.

We emphasize the announcement of this feature with the assurance that it is one of surpassing beauty, dramatically, scenically and photographically. As the title suggests, it is founded on the well-known Scotch song and poem by "Bobbie Burns. It is known the world over for its charm and appeal to the hearts of all nations. "Auld Lang Syne" is a headline feature of the same high quality and character as the famous three-reel Vitaphone portrayal of "A Tale of Two Cities."

You have all heard this song, but you have not seen it in actual life portrayal with the beauty and grandeur of "Heaven and the lowlands" of "Bonnie Scotland."

Special music has been secured to accompany this picture and all in all it will be a feature in the photoplay line that one cannot afford to miss. There are many other pictures of interest on this changed bill which will be seen for only today and tomorrow.

## BRYAN TO RETURN TO POLITICAL FOLD

He Will Keep Away From All  
Machinations; His "Vigor  
Is Renewed."

CHICAGO, Nov. 15.—William J. Bryan announced yesterday he was going into politics with renewed vigor, but that he would keep away from the worldly angle of political machination and devote himself to cultivating a religious factor in the striving for office.

"I do not expect to take any less interest in politics in the future," said Colonel Bryan, "but intend going deeper into the religious end, and believe it will be better."

"The church has had a monopoly on religion too long. I am against monopoly of any kind. Rivalry in religion is a good thing, for competition means prosperity; each religious body has its part to perform."

He was speaking before the Winona Lake Assembly of the Presbyterian church.

## WOMEN IN THE NEWS

### MRS. MARTIN IS POSTLEY'S WIFE

Domestic Snarl of Edith Cook's First Husband Is Given Another Twist.

**N**EW YORK, Nov. 15.—One of the most involved matrimonial situations ever evolved by divorce decrees and marriage vows in recent years was given a new twist yesterday when Sterling Postley sailed for Europe on the Kronprinzessin Cecilie with Mrs. John Sayre Martin as his bride. They were married Thursday of last week, but successfully guarded their secret until yesterday.

When interviewed last week regarding the rumor that she was to become Postley's wife, Mrs. Martin said:

"Nobody can ever tell what a foolish woman will do."

Mrs. Postley, whose maiden name was Miss Jeanne G. Buckley, daughter of Richard W. Buckley, a rich contractor, married John Postley Martin, son of a wealthy New York merchant, in 1903, and obtained divorce from him last July. Postley's first wife was Miss Edith Cook of San Francisco. She divorced him and married Ross Ambler Curran. Miss Edith C. Postley Sterling Postley's sister, had been Curran's first wife. She has now married Guernsey Curran, brother of her first husband, and is his second wife, the first having been Miss Marie Harmon, who is now Mrs. Walworth Pierce.

### Here's "Chicken Reel"

**NEWPORT, Nov. 15.**—The "chicken reel" is to be the new society dance in New York this winter. Its sponsor, Mrs. Reginald Vanderbilt, has made it immensely popular in Newport and at Alfred G. Vanderbilt's Adirondack camp. The dance is difficult to describe. It begins with something like the motion of a chicken waddling, and then the partners clasp each other and have a round of the two-step.

It was used between courses at the dinner dances given at Sandy Point Farm and also at the home of Joseph Harriman, the Normans, the Dodges and the Thomases.

The "grizzly bear" is said to have been danced at the Vanderbilt camp party in the mountains. This is also likely to be a feature of the New York season.

### Casts First Vote

**STOCKTON, Nov. 15.**—The first woman to exercise the privilege of equal suffrage in California is Mrs. Sadie E. McLeod, wife of a local publisher, who voted yesterday in a municipal election held to determine whether or not the city shall install and maintain an electric lighting system in the business district.

One voting booth was placed in each ward and the nearest one to Mrs. McLeod's residence was fully half a mile distant. Despite this fact, however, she was waiting to vote when the polls were opened at 8 a. m. It was so dark that one of the clerks had to light a match so that she could see to sign her name.

All told 135 women voted. The advocates of a municipally owned conduit system won by a substantial majority. Frank Adams, who made her debut a fortnight or so ago, Mrs. Jensen will entertain at her home in East Piedmont.

### Women Vote

**SAN DIEGO, Nov. 15.**—For the first time in the political history of California, the women of the state exercised their right of suffrage in San Diego yesterday.

Out of a total registration of 2800 women it is estimated that more than 2500 cast their ballots in the special city election held here yesterday. The total registration of women voters in the city was 16,000. A total of 6198 votes were cast, showing that the women cast nearly half the total.

The election was held to authorize the issuing of bonds in the amount of \$1,000,000 for the improvement of the local harbor. The total number of voters against the proposition was 182.

### Wins Carnival Queen

**SANTA ANA, Nov. 15.**—Miss Emmiline Petersen, queen of the Orange county carnival a few weeks ago, last night became the bride of Philip Lord, a young San Francisco attorney, who was enchanted by the beauty of the young woman in the robes she wore when she first saw her. Lord was in Santa Ana on business when the carnival parade was given. The queen was passing.

"Who is that beautiful young woman?" Lord asked.

An acquaintance answered: "That is Miss Emmiline Petersen, queen of the carnival."

"You do not give Miss Petersen her full title of rank. She is also queen of the universe," said Lord.

The queen's old courtiers acted as trainbearers for the bride this evening. The hand-embroidered messaline gown used in the carnival was brought out for the wedding.

### Probe to Stop

**NEW YORK, Nov. 15.**—The custom-house frauds investigation into the jewels of Mrs. Helen Dwell Jenkins will stop with the prosecution of Nathan Allen of Kenosha, Wis., and his friend, John R. Collins, the Memphis coal operator. United States District Attorney Wiese says that the government had been unable to fasten a smuggling charge on a leading Wall street banker suspected of being involved.

### Advices Fewer Babies

**NEW YORK, Nov. 15.**—Fewer and stronger babies was the plea made yesterday by Dr. Abraham Jacoby in an address to infant mortality at the annual meeting of the John's Guild in the Republic theater.

## Exercise, Not Drugs, Reduces Flesh

By LILLIAN RUSSELL

(Copyright, 1911, By Lillian Russell.)

**E**VERY day I receive letters from women who wish me to tell them something they can take into their stomachs to reduce their flesh. I am sure these women will forgive me if I say that from their letters I find they are too indolent to reduce themselves. There are some physical organisms whose assimilation is much above normal: these organisms are usually lymphatic as well. A woman whose assimilation is above normal is usually more or less adverse to exercise. She likes good things to eat and will deny herself nothing. When she has filled herself to repletion, instead of taking proper exercise to burn up this fuel she allows it to be converted into fat.

Such a woman would rather take a drug into her system which not only might ruin her health, leaving her a nervous wreck or a fretful invalid, but which may prove fatal within a few short weeks.

Iodine and thyroid tablets have been known to have terrible effect. In many cases even rubbing iodine on the skin is injurious. I have questioned many able physicians on the subject and have learned that the tissues absorb the drug almost as quickly from the outer application as they do from taking it internally. Iodine literally eats the lining of the stomach.

If you really wish to be thin you must work for it—nothing in this world is accomplished except by hard work. An abstemious diet, plenty of exercise and patience will reduce any one to normal weight. Remember, health is the most essential requisite not only for beauty, but for happiness. Social success, affluence, professional or artistic fame, even love, mean nothing if we have not the health to enjoy them. I cannot imagine a woman with so little reason as to jeopardize her life by taking poisonous drugs into her stomach to feed a foolish vanity. I have known women who are lazy enough to sit around the house, eat and drink all they want to and at the same time pray to be thin.

Nothing is to be gained by sitting around waiting for it. If you want to be thin you must get up and move about. Walk—take plenty of exercise, either in gymnasium or in your own home. Eat sparingly of fat-producing foods.

Keep alive; don't get the insanity stare in your eyes and hollows in your cheeks by taking poisonous drugs to reduce your flesh. Flesh is not offensive to every one; indeed, you will find more happy wives and mothers who are fat than those who are thin. If you are clean, sweet and healthy, a little flesh more or less will not count. Remember, a fat live woman is worth more than a dead skeleton.

**MAY C.**—I shall be glad to send you the recipe for a shampoo for oily hair and an excellent hair tonic in which I have perfected hair. You will send me a self-addressed, stamped envelope. Perhaps your scalp has become tight. If it is the case your hair will lose its lustre and begin to fall. Nothing is so good for the hair as scalp massage. I shall also send instructions for massaging the scalp if you care for it. Give it a fair trial and I am sure that you will see a vast difference in your hair. It will respond at once and become full of life again. Moisture the scalp with

the hair tonic then give the massage treatment.

**E. A.**—Send me a self-addressed envelope and a note telling me you wish to know about hair treatment and I shall be glad to give you anything I have that will help. I can send you a tonic for dry hair if you wish it.

**MRS. A. M. H.**—I am very glad to hear that you like the astringent lotion. On account of the cold weather, your cucumber cream would very naturally be much harder, and, if you made it your-

self, you possibly did not use the exact quantities given, and probably the second trial would be better.

Nitric acid will take your wart off quicker than the salt, and it will not be sore unless some of the acid gets on the skin around the wart. Apply with a toothpick, or something similar, several times a day, and as soon as the wart looks black and dead it can be picked out very easily with a sterilized needle.

**MRS. S. G.**—I should advise you to put some pure cold cream on your face after applying the peroxide, because if used too strong and too often it will cause the skin to become dry and yellow. If you will write me again asking for it, enclosing a stamped, self-addressed envelope, I will be glad to send you a pure skin food which will not cause superfluous hair and which will feed and build up the tissues in your face.

**A. R. M.**—The cream you mention is not good for the hands. If you will make up the following recipe and use it on your hands after washing and drying them thoroughly I think you will have no further difficulty: Two drams gum tragacanth, fourteen ounces water, one ounce glycerine, two drams tincture benzoin, two drams borax and four drams white rose extract. Measure the tragacanth in the water until it is perfectly soft. Dissolve the borax in the glycerine. Mix the two solutions, add the tincture and perfume and press through muslin. Rub in until perfectly dry.

**A REAL DIFFICULTY.**

"A funny incident occurred on a German railway train wherein I was a passenger," says an American who spends a bit of his time abroad. "A certain stolid Teuton had been assigned to a seat in the coach that obliged him to ride backward through the Black Forest. At the first stopping place he asked the postmaster, pursuant to German regulations, to give him another seat, saying it made him ill to ride backward. 'Ask the man opposite to change with you,' said the postmaster gruffly. 'But there is nobody opposite me,' protested the German, so I cannot ask him.'"—Harper's Magazine.

## AGITATION FOR HOW TO SEND ANNEXATION SCORED CHRISTMAS MAIL

**Merchants' Exchange Adopts Resolutions Condemning the Movement.**

**Points to Need of Harmony in Boosting Great Exposition in 1915.**

Unanimous opposition to the "Greater San Francisco" agitation so far as Oakland and Alameda county is concerned was expressed by the Merchants' Exchange last night in the form of the following set of resolutions:

Whereas, the county of Alameda, which is the third county in California in valuation and population, has for the past nine years expended a large sum annually through its exposition commission to advertise the resources not only of Alameda county, but also of the entire State of California.

Whereas, an exhibit of Alameda county was installed at the Omaha Land Show and has been removed to the Chicago Land Show, and the representatives of the county have been only working for the upbuilding of their own county, but also of the State generally, and especially the Panama-Pacific Exposition to be held in San Francisco in 1915.

Whereas, it will require harmonious cooperation of the entire State and Pacific Coast to carry to a successful issue said exposition.

Resolved, by the Merchants' Exchange of Oakland that we condemn the agitation of the so-called "Greater San Francisco" scheme, as it will create bitterness and strife in the county and throughout the State.

Resolved, that we are strongly opposed to any legislation which will permit any portion of any county to be detached from said county without an affirmative vote of, at least, two-thirds of the voters of the entire county.

Resolved, that we urge all good citizens to use the best efforts to prevent the further agitation of this question as we feel it will be a serious blow to the success of the Panama-Pacific Exposition.

**REPEATED CONDEMNATION.**

The resolutions brought forth repeated condemnations on the part of the merchants present of the recent agitation, the sentiment being that in view of the coming Panama-Pacific Exposition every effort should be made to preserve harmony and to prevent any action which would antagonize these sections.

The matter is of particular importance just at the present time, when Wilbur Walker, secretary of the Merchants' Exchange, is in the city in connection with the great Chicago Land Show, representing the Panama-Pacific company through the kindness of the Alameda County General Exposition commission, which Walker has charged.

The Panama-Pacific company would have had no representative there, as they had none at the recent Omaha Land Show, except for the courtesy of the Alameda county commission.

The agitation would seem to indicate a lack of appreciation of the efforts of the east-bay shore representatives to make the exposition a success.

**NEW YORK, Nov. 15.**—Creditors of the firm of J. M. **SKUNKS GIVEN BLACK MARK.**

**FRESNO, Nov. 15.**—The source of many cases of rabies in this county is thought to have been discovered in the finding of a large number of hydrophobia skunks in the vicinity of the city. It is presumed that skunks bite the dogs, which develop rabies, and in that manner the rabies spread to the entire county. At a meeting of the city board of education last night Poundmaster Lowrey reported the finding of the skunks.

## MAYOR MOTT TELLS OF FUTURE SPEAKS BEFORE EBELL CLUB

MRS. FRANK K. MOTT, who, with Mayor Mott, was the guest of honor yesterday at the Ebell Club luncheon. —Scharz photo.

## Tells Newly-Made Citizens That Their Duty Is to Beautify Oakland Along Lines of Simplicity

The Ebell Club luncheon yesterday afternoon at the clubhouse on Harrison street, at which Mayor and Mrs. Frank K. Mott were the honored guests, was one of the largest affairs of the season. A musical program arranged by Mrs. E. F. Weiher, which included vocal selections by Miss Miriam Weiher and piano numbers by Miss Edna Goergel, preceded the address by Mayor Mott. Mrs. Charles J. Woodbury, the president of the club, in introducing the speaker created a storm of applause by her guests, which is peculiarly the mark of a "Citizens of Oakland, your Mayor."

The subject of Mayor Mott's address was "The Future of Oakland," and he pointed out how the city must develop along the lines of commerce, which is peculiarly the mark of a "Citizens of Oakland, your Mayor."

**RESPONSIBILITIES, TOO.**

He said in part:

"The women of California have had conferred upon them the new privilege of the elective franchise, and with it goes responsibilities and duties both to your state and your city. We can trust almost altogether the beautifying of Oakland to the women. Without your hearty interest and aid we will not be able to continue with that which has been begun. Now you may vote as well as advocate, and what you desire can be made actual."

"What we need is a development along the lines of simplicity and good taste, a better style of architecture, designing of grounds and growing of flower gardens. Our new city hall will be an inspiration to these things with its splendid building, its fine paintings and bronzes."

"Oakland should strive to have the very best, not necessarily the most costly, but the best in taste, in lines and harmony of color. Nature has done much for us. In three years we will welcome many thousands of visitors to our shores, and we should make ready a beautiful city in which to receive them."

"We should finish the work along the shores of Lake Merritt, build our casino and bathhouses, acquire more land for parks and remove many of the present eyesores. At Sixteenth street depot surroundings should be made attractive."

**CO-OPERATION INVITED.**

"We should have an art gallery in connection with our museum and a department devoted to the development of better taste in the general public. We need your co-operation and active interest in making beautiful our city and adding to its attractiveness and obliterating its ugly and distasteful things."

**GUESTS OF HONOR.**

Seated at the table with the guests of honor, Mayor and Mrs. Mott, were the board of directors, Mrs. Charles J. Woodbury, Mrs. C. W. Kinsey, Mrs. A. C. Posey, Mrs. Chas. L. Smith, Mrs. A. H. Glascock, Mrs. Wm. F. Kett,

## RICH PRISONER CHARGES AWAITING TRIAL

**Farmers Accused of Tarring Girl Ask for Change of Venue.**

**Schoolmarm to Bring Suit for Personal Damages After Trial.**

**LINCOLN CENTER, Kas., Nov. 15.**—Charging that County Attorney McCanness had conspired to spread erroneous reports of the tarring of Miss Mary Chamberlain, attorneys for the nine defendants accused of being members of the "tar party" filed with Judge Grover today an application for a change of venue.

McCanness is accused of having caused Edward Ricord, the barber, who betrayed Miss Chamberlain to her enemies, to be brought out of jail for the sole purpose of compelling him to give an interview to a newspaper reporter, and of having himself "interviewed regularly by night in his office in the courthouse."

**WOMAN IN COURT.**

Miss Chamberlain appeared in court today and was closeted several hours with County Attorney McCanness and Assistant Attorney-General Hawks. She refused to give out any statement further than to say that at the conclusion of the criminal hearings she intends to institute suits against six of the defendants for personal damages.

**DRAW FIRST BLOOD.**

First blood in this one of the most sensational criminal cases in the history of Kansas, the case of the state against nine wealthy farmers of Shady Bend, accused in connection with the tarring of Miss Mary Chamberlain, the 19-year-old "school marm" of Shady Bend, went to three of the defendants yesterday when Judge General Grover, in the district court quashed on a technicality the information on which the men were arrested. The men on trial are Everett G. Clark, J. Fitzwater and Watson Scanton.

Before the defendants could leave they were arrested on new information furnished by the county attorney, and their hearing will be resumed.

The assault is alleged to have been suggested to the mob by the wives and sisters of Shady Bend, who, according to Miss Chamberlain, were "jealous" of her popularity with the young men of the village.

After an investigation by County Attorney McCanness, in which it was proved that Miss Chamberlain was of good character and the assault was unjustified, subscriptions were started by her friends to prosecute the alleged members of the mob.

**ARGUMENTS SET.**

Arguments on the motion for change of venue were set for tomorrow. Miss Chamberlain appeared entirely recovered from the effects of the torture she underwent last August when under the pretense of taking her to a drive, Edward Ricord, a barber, took her in a buggy to a lonely spot on the county road and delivered her over to a mob waiting behind the fence with the hot tar prepared.

## MOTHERS HEAR OF WORK IN BEHALF OF CHILDREN

## MEAT PACKERS AWAITING TRIAL

**Counsel Prepares for Argument When Case Is Called Tomorrow.**

**Judge Kohlsaat's Action On the Writ Awaited With Much Interest.**

**CHICAGO, Nov. 15.**—Counsel for the packers under indictment for criminal violation of the Sherman anti-trust law, who yesterday surrounded themselves to the federal authorities and through their lawyers secured an order for a writ of habeas corpus, busied themselves today in preparation for the arguments they will present when the case is called before Judge C. C. Kohlsaat in the United States circuit court.

Although Judge Kohlsaat's action on the writ will be awaited with keen interest, it was the general opinion today that whatever the ruling of the court may be, it will be appealed and the whole affair will be delayed for a long time.

## OUT ON BONDS.

The packers, who are now out of jail on bonds, are:

Louis F. Swift, president of Swift & Company.

Edward Morris, president of Morris & Company.

Edward Tilden, president of the National Packing Company.

E. F. Swift, director of Swift & Co.

C. H. Swift, director of Swift & Co.

Arthur Meeker, general manager of Armour & Company.

T. F. Connors, superintendent of Armour & Company.

F. A. Fowler, director of Swift & Co.

L. H. Heymann, manager of Morris & Company.

John S. Miller, chief counsel for the packers, led his clients into the courtroom at 2:45 yesterday afternoon and announced to Judge Kohlsaat that they had surrendered upon their bonds and desired to be arrested. Upon Miller's plea, they were later released upon a writ of habeas corpus. After the writ was granted the defendants were released on bonds of \$30,000 each, furnished by their previous bondsmen.

The so-called beef trust case is for the present out of the jurisdiction of the district court, where Judge C. C. Kohlsaat had set the trial of the packers for next Monday.

## LAW AND FACTS.

Speaking of the case, Judge Kohlsaat said:

"This is one method of getting the law questions alone before the supreme court without its being mixed with a question of fact. It is done, as I understand it, for the purpose of getting a construction of the Sherman anti-trust law as it affects the business interests of the country."

"The move obviously is for delay," said District Attorney Wilkerson. "The defense should have given us notice and certainly should have waited until the venue was called. The mere fact that the defendants have filed a petition and obtained a preliminary writ means nothing. The court will decide their right to the writ. All questions raised in the petition have been ruled on by Judge C. C. Kohlsaat in favor of the government."

## MANN TO LET LAW TAKE COURSE

**Governor Refuses to Intercede in Behalf of Notorious Prisoner.**

**Declares He Would Set Precedent Harmful to the State.**

**RICHMOND, Va., Nov. 15.**—Governor Mann declined today to interfere in the case of Henry Clay Beattie, Jr., the convicted wife slayer, and the latter's last hope of escaping the electric chair on Friday, November 24, was swept away.

Attorneys for the condemned man held their last conference with the governor, and just before noon the latter announced his decision not to interfere with the decree of the Chesterfield court, which was sustained by the supreme court of appeals of the State. A petition had been presented to the governor praying for a respite of at least thirty days for spiritual preparation.

In a signed statement Governor Mann spoke as follows:

"I followed this case during the trial and as its horrible facts were developed regretted that a crime so cruel and malicious should have occurred within the confines of this state."

## BENEFIT OF DOUBT.

"In the decision of every question which was presented to the able and impartial judge who presided at the trial, he was careful to give the benefit of every reasonable doubt to the prisoner; that he did not err is shown in the refusal of the supreme court of appeals to grant a writ of error."

"That Beattie is guilty of the willful, deliberate and cruel murder of his young wife is not the slightest doubt, nor is it insisted that there shall be any greater relief offered than the commutation of his sentence to imprisonment for life."

"I do not think the affidavit of Paul Beattie printed in the papers, or any other evidence of consideration brought to my attention sufficient for that purpose."

## TO PREVENT OTHERS.

"To grant a respite in so plain a case would be to set a precedent, would be to temporize with the law and to encourage appeals to the supreme court with the sole purpose of gaining time."

"I believe the best way to prevent such crimes as this is to punish them adequately, certainly and speedily. Therefore the judgment of the circuit court of Chesterfield will be carried into effect without interference from me."

## PIMENTEL IN FALL INJURED SCIATIC NERVE

**HAYWARD, Nov. 15.**—Charles Pimentel, clerk in the county recorder's office, who was yesterday reported to have been paralyzed as the result of a fall Monday night while chasing a rat on E street, was merely painfully injured by the mishap. When he fell, Pimentel hurt the sciatic nerve, and his inability to walk with ease first led to the report that he had been paralyzed. Although still suffering from the injury, attending physicians hope that he will soon be on his feet again.

## Winner at Wheelmen's Show Tonight Will Be in Line for Match With Middleweights

### FRITZ HOLLAND WILL MEET JOE THOMAS THIS EVENING

Rival Middleweights Scheduled to Box Ten Rounds Before Oakland Wheelmen at Piedmont Pavilion.

Joe Thomas will have a chance to show the fans whether he is there or not tonight when he tangles with Fritz Holland at Piedmont rink in the windup to the crackerjack show arranged by the Oakland Wheelmen's Club. The ex-champion has worked like a beaver to get into shape and according to his trainers and sparring partners he never was in grander form than he is right now. And Joe certainly looks to be fit. His skin has that healthy glow to it which indicates perfect health, while his eye is bright and he apparently is as shifty and as fast as he was when he was hobnobbing with the giants of the ring.

Thomas' fall down tonight will mean oblivion for him. But if he should have that old time zip and ginger to his punches, it will spell defeat for Holland and will entitle Thomas to matches with Brown, the British bruiser. Welsh has not been selected as the third man in the ring. Tom Jones, though, says that he will be the man, for the articles of agreement called for the late Eddie Smith or Jack Welsh to arbitrate the contest.

In speaking of the matter last night, Baron Long said: "Relative to the statements that have appeared in the San Francisco morning papers to the effect that Jack Welsh has been chosen to referee the Volgaest-Welsh match at Los Angeles, permit me to say that this is incorrect. So far, there has been no referee chosen. The article of agreement, signed by me call for Eddie Smith, the official referee of the Pacific Athletic Club, to referee this bout. Now, if the poor Eddie is dead, I naturally supposed that Charlie Byton, who is the present official referee, would act in his stead. However, now that there is some doubt as to whether or not Byton has been chosen, I will say that the question of the referee will be settled definitely until Jones, McGarvey and myself have a conference."

Preed and myself are not insisting on Byton refereeing this match. Charlie White of New York, Eddie Graney or Eddie Hanlon of San Francisco or Byton of Los Angeles seem to be a fair choice from which to pick an official. All four of these men are honest and competent, and Jones should have no trouble in selecting one who would be satisfactory to him from this number."

And that's the way the situation is at present. WILL PACKY REALLY COME WEST? Tomorrow is the day set for the "Run Out Kid" otherwise Packy McFarland, to start for the west to keep his appointment with Jim Coffroth and box Tommy Murphy on Thanksgiving day over the bay.

Now the question is, will he come? McFarland has run out of several matches in his time and Coffroth was once a victim of his in this line. Jim had the Chicago man on the ground and signed to fight Eddie McFarland. The fight was packed his grip and was on his way with but a few words about his mother being sick.

Then again he slipped out of a match that Sam Berger had made for him, so who knows but that he might take another run-out poster, that is, a poster for the sake of the boxing game if for nothing else.

MURPHY WILL KEEP HIS DATE. Tommy Murphy, the eastern lightweight, is speaking for the "Run Out Kid" in his engagement with Packy McFarland on Thanksgiving day. The stockyard fighter will leave for this city tomorrow.

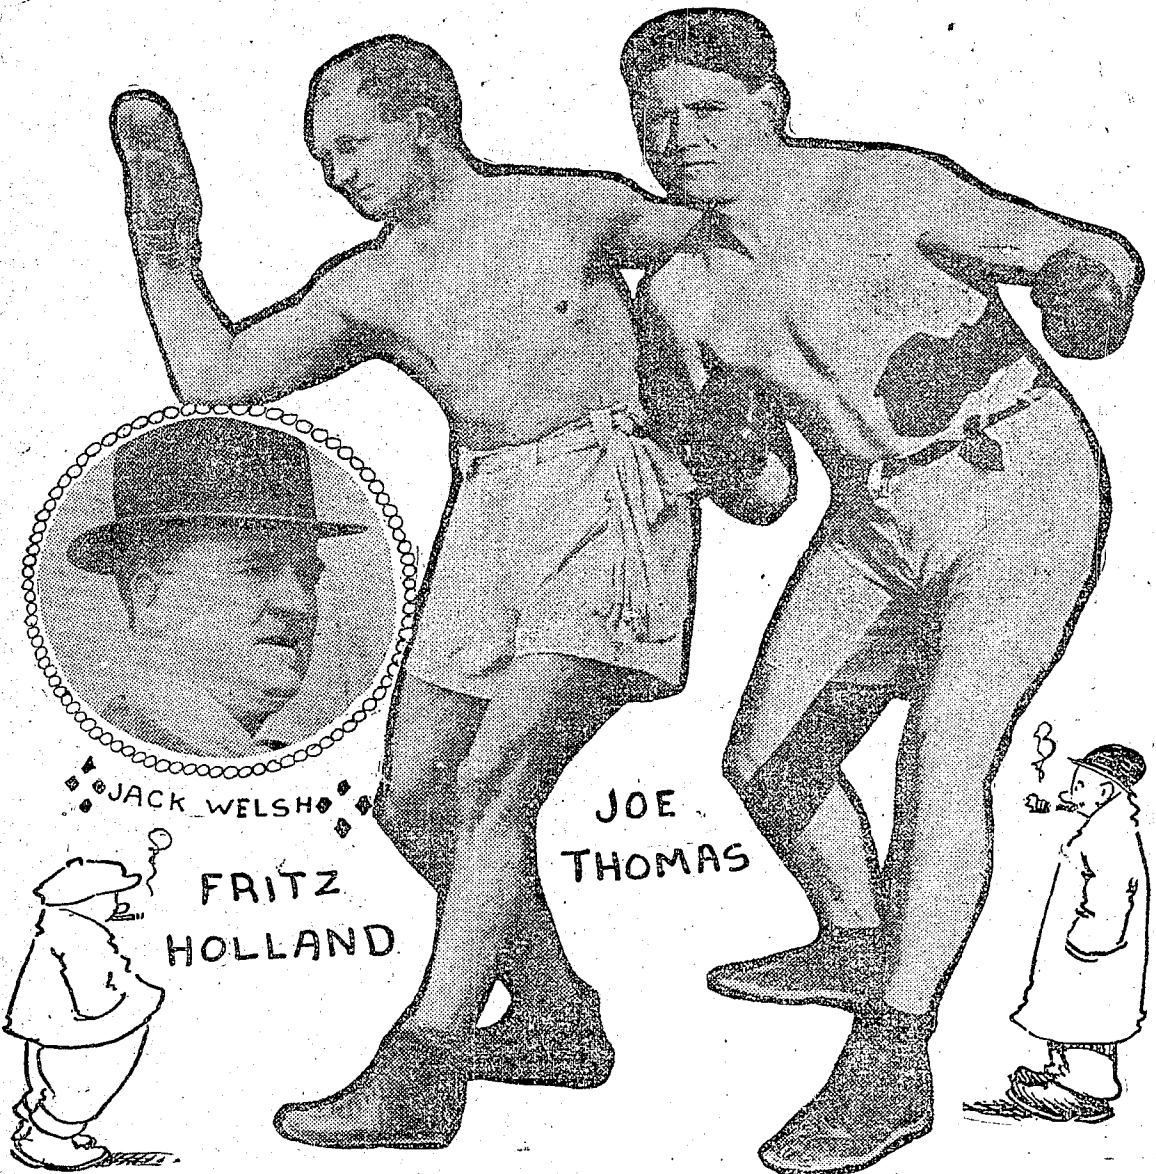

Murphy will go into Al White's training quarters in Oakland. This has been the case with all his previous fights. Murphy has performed in this city during the last year. When McFarland was out here training for his fight with the local champion, Murphy was the one who was eagerly awaiting the arrival of the boxer, as they have been for the past several months. Murphy and McFarland will be the attraction, as the stockyard fighter's performances have been so good that everybody is anxious to see him in action.

FOOTBALL SITUATION AT OLYMPIC CLUB IN BAD WAY. The football situation at the Olympic club assumed an unsatisfactory phase yesterday when it was announced that the club had decided to discontinue the team this season. The immediate cause of this decision was the lack of interest in the game on the part of the club members. The club had been playing for several years, but the lack of interest in the game on the part of the club members had become a serious problem. The club had been playing for several years, but the lack of interest in the game on the part of the club members had become a serious problem.

WELSH TO REFEREE. Jack Welsh, the most noted referee in this country, has been specially engaged to referee the Fritz Holland-Joe Thomas fight. Welsh has been a referee for many years and has a reputation for being fair and impartial. He has been a referee for many years and has a reputation for being fair and impartial.

WILL THEY SCRAP OVER REFEREE. From the south comes a wall and that is the opinion of the fans who are waiting for the fight between Fritz Holland and Joe Thomas. The fans are waiting for the fight between Fritz Holland and Joe Thomas.

JOE THOMAS, FRITZ HOLLAND AND JACK WELSH. The two fighters will contest in a 10-round bout at Piedmont pavilion this evening, and the Honorable Jack will referee.

### COAST LEAGUE AIMS TO BE MAJOR AT WORLD'S FAIR

SAN ANTONIO, Texas, Nov. 15.—According to a report in circulation here, the Pacific Coast League will submit a plan today for the organization of a major league on the Pacific Coast. The plan is to be submitted to the National Association of Professional Baseball Leagues.

The Pacific Coast men claim that such a major league would not interfere with any now projected by the agreement between the National and American Leagues.

### FOUR-ROUNDERS WILL TENDER BENEFIT TO BOXER

SAN FRANCISCO, Nov. 15.—For the first time in several years, a helpless boxer will be given a benefit by his former associates. The subject of the charity is Frank McConnell, once a star light in the ring, who was badly hurt by a headbutt on Friday evening, with Frank Schuler, one of the foremost of the local promoters, as his director.

Willie Ritchie and Jerry Murphy are down on the card as the main performers. As all the fans know, these boys are the best in the local lightweight division. They are clever, scientific boxers who always have played headline roles in the past and the chances are that they will put up one of the fastest bouts seen here in many months.

Four other good bouts are also scheduled as follows: Charles Horn vs. Fritz Kelly; Lee Johnson vs. Marty Kane; Al Rogers vs. Tommy Gaffney; Frank Corbett vs. Joe Clarke.

### Elmhurst Defeats Smith Bros., 8 to 0

After defeating Emeryville last Sunday the Smith Bros. Book Store's team journeyed out to Elmhurst with visions of a seven hits and five runs in the first five innings. Then Murray McCoy, who succeeded him was found for three long innings pitched three more runs.

Elmhurst expects to journey to Stockton soon and back up with Cy More's team. Elmhurst has won 29 out of 31 games played and tied one.

Stanford crew at work. Stanford University crew, 15.—Captain R. H. Seward, 12 has more than 50 crew candidates working at the Lake Lagunita, Marin county. Most of them are freshmen who have never before pulled oars. They are showing up unusually well and a strong eight should be developed.

LYONS BEATS HURLBURT. SAN FRANCISCO, Nov. 15.—The Griner three cushion handicap was continued last night at the Market street hilliard rooms, when Lyons beat Hurlburt by a score of 35 to 23 in the only match played. Lyons made a run of 6, which was the feature play. Tonight Covey plays Mantell.

### BERKELEY VARSITY WILL LOSE EIGHT PLAYERS

Captain Stroud Must Rebuild Rugby Team for 1912 Gridiron Battle.

Eight of the veteran football players of the University of California who fought against Stanford last Saturday night will be unavailable for the gridiron battle by the graduation route next June, and the filling of their places promises to be a difficult problem. One or two of them may return to lend their services against the Cardinal in 1912, but at the present time this seems to be an extremely remote possibility.

The men who have played for California for the last time are Captain Amos Elliott, Carl Ehlerger, Herman Pileary, Louis Watts, Dave Hardy, George Hansen, Warren Pauly and Bert Swartz. The total number brought up to nine if Clint Evans decides not to return.

Evans graduates next June, but is expected to be back next fall. He is another player who may register for another season of football.

Stanford season will be officially opened at Stanford on Saturday, November 25. Captain Tom Coleman yesterday set the date for the fall tryout, and Trainer "Dad" Moulton is expected to call all varsity candidates to come out and show what they could do.

Stanford has an idea that the freshman class has a lot of unusual material in it, according to the "prep" school records some of the men have brought to college. Campbell, Mickey McClellan, Dawson and McCreary have good reputations. Haley and Wines are freshmen who should figure in the weight events. "Dad" is especially eager to find a hurdler in the entering class, as the cardinal has not had one for some years.

### YALE COACH SAVING MEN FOR GAME WITH PRINCETON

NEW HAVEN, Conn., Nov. 15.—The Yale eleven, minus the services of Howe, Ketchum, Paul, Freeman and Camp, was held in reserve for the game with Princeton. It seems to be the evident intention of the coaches to save the first string men as much as possible, and their work will be comparatively light from now on until the Princeton game Saturday.

### MANY REFORMS LOOKED FOR WHEN P. A. A. MEETS

NEW YORK, Nov. 15.—Reforms of a radical and policy and constitution of the Amateur Athletic Union will be proposed at the annual meeting to be held in New York City tomorrow. The meeting will be held in the city of New York.

### TOM JONES SAYS AD. WILL MEET PACKY AND MURPHY

LOS ANGELES, Nov. 15.—Arrangements for two fights in San Francisco, in which Tommy Murphy will be his opponent in the first and Packy McFarland in the second, were practically made today by Ad Wolgast, according to announcement by Manager Tom Jones.

Jones said he had received a telegram from Promoter James Coffroth of San Francisco tentatively arranging the matches for that city, December 13 and New Year's day. Coffroth said he would leave San Francisco for Los Angeles tomorrow to bind the matches.

Wolgast will not begin training for his Thanksgiving day fight with Freddie Welsh until the latter part of next week. Welsh, who has been working for more than a week, announced today that he was within striking distance of the weight, 133 pounds, and from now on would devote his entire time to developing his muscles.

### HERE'S A BUG THAT REALLY IS A BUG ON BASEBALL

CHICAGO, Nov. 15.—J. J. Laues of Milwaukee is perhaps the champion baseball "fan" of the country. Laues, who came to Chicago yesterday, said he started seventeen years ago to collect his statistics on baseball and now has forty-two volumes. It takes him three hours each day to keep his records up to date. He has the records of 17,000 ballplayers and can answer any question in baseball that has come up during the last seventeen years.

### STANFORD TRACK MEN TO BEGIN PRACTICE ON SATURDAY

STANFORD UNIVERSITY, Nov. 15.—Track season will be officially opened at Stanford on Saturday, November 25. Captain Tom Coleman yesterday set the date for the fall tryout, and Trainer "Dad" Moulton is expected to call all varsity candidates to come out and show what they could do.

### THE OAKLAND BASS CLUB WILL HOLD OUTING

The Oakland Bass Club has made arrangements for an outing to the lake on Saturday next. The club will leave at 10:30 a. m. and will return at 4:30 p. m. The outing will be held at the lake near the city of Oakland.

### OAKLAND HIGH GIRLS DEFEAT BERKELEY TEAM

The girls' basketball team of the Oakland high school defeated the team from the Berkeley high school this afternoon by a score of 11 to 8. Christobel Questien played the best game for Berkeley, and Captain Dorothy Sanborn for Oakland. The game was held at the Oakland gymnasium.

### ST. MARY'S RUGBY SQUAD IS PICKED FOR ANNUAL CONTEST

Coach Faulkner Selects the Fifteen That Will Battle With Santa Clara on November 25

Out of an original squad of sixty aspirants for positions on the St. Mary's fifteen that will oppose Santa Clara college team at the St. Ignatius stadium on November 25, Coach George Faulkner has selected the following twenty-three men from which the final team will be named: Bruzzoni, Cann, Stoltz, Glavinich, Snead, Anderson, J. Roth, Walker, Diavala, Franchi, Greeley, Tognazini, Bell, Hatt, Incell, Togni, H. Roth, Leonhardt, Gupta, Chiles and Pappa.

Faulkner yesterday switched a number of the scrum men around different positions in the pack and for the balance of the week he will try experiments along these lines until he has a pack that he considers will be able to carry out the proper work in the scrum. Captain Bell, who last year played in the front row of the scrum, has been moved to the left breakaway position.

The line backer, Greeley, who has played second row in the pack, was yesterday moved up to the front row, and the switch proved a great boon in getting the ball out.

WORRY OVER SIMPSON. Considerable uneasiness is felt at St. Mary's over the condition of Harry Simpson, the speedy and tricky center. Simpson has been laid up for some time, and the team is worried over his condition. He has been ordered to rest up for a week.

The full team will average about 165 pounds per man, and in this both teams will be fairly evenly matched. The St. Mary's forwards look to have just a slight advantage in weight in the pack. The backs can be secured in communicating with Brother Vantisian or Manager Russell at St. Mary's.

### CHIEF BENDER BEST PITCHER IN MAJOR LEAGUE CIRCLES

CHICAGO, Nov. 15.—Fielding howers among pitchers of the American League went to Chief Bender of the Philadelphia Club, according to the official averages of the 31st season, announced last night by President Johnson. He played in thirty-one games without an error, with a percentage of 300.

Walsh of Chicago accepted 186 chances, having 150 assists and 27 put-outs, the largest number of any American League pitcher. He finished twelfth with a percentage of .959.

Rube Oldring is leader among the out-pitchers with a percentage of .379. Tan-nahill of Chicago led the shutouts, with only 23 errors in accepting 642 chances.

Stoval of Cleveland is the real leader among first basemen, although Zelder of Chicago tops the list. Stoval's percentage is .986. Zelder has .971, but he participated in but 29 games.

McConnell of Chicago leads the list of second basemen, but Collins of Philadelphia probably is the real leader, as he handled 597 chances and made only 74 errors.

Sullivan of Chicago was first among the catchers.

### PLENTY OF INTEREST IN CHURCH BOWLING LEAGUE GAMES

The bowling team of the First Congregational church defeated the team from the Second church in the Oakland Church Bowling league tournament at the Young Men's Christian Association building, 1838-1839. The teams lined up as follows:

First Congregational church team — Joe C. Porter, Boardman, Belleville, G. Porter, M. L. Woolley, Thomas, Staples, Hackett and Porter.

The team of the Tenth Avenue Baptist church — Goodman, Hayden, Galther, Stalder, Hackett and Porter.

### FOOTBALL HONORS OF NAVY WILL BE BIG STAKE

PHILADELPHIA, Nov. 15.—At Newport, R. I., today the football team of the battleship Idaho, champions of the United States Navy, will play the team from the battleship Connecticut, champions of the first squadron, for the championship of the Navy. The teams will play at the Naval Academy, Annapolis, Md.

The Idaho team has defeated the Connecticut team in the past several years. The Connecticut team has been beaten by the Idaho team in the past several years.

### KIRBY HAS THE INSIDE TRACK FOR HEAD OF AMATEURS

NEW YORK, Nov. 15.—Members of the Amateur Athletic Union here expect that Gustavus Kirby, chairman of the advisory committee of the Intercollegiate Athletic Association will be elected president of the Amateur Athletic Union at the annual convention here next Monday. The New York group will vote unanimously in his favor. George F. Pawling of the New England Association also is a candidate.

Kirby has been identified with amateur sports for fifteen years. He is a Columbia University graduate and a prominent lawyer of this city.

### SCRUBY MAY PLAY GUARD FOR CHICAGO

CHICAGO, Nov. 15.—Horace Scruby, the star all lower in the line, will play guard for the Chicago football team in the game with the University of Chicago football team. The game will be played at the University of Chicago stadium.

### FRESHMEN DOWN SENIORS

The senior baseball team of the Oakland High School won the interschool championship of the school yesterday afternoon by defeating the juniors at Forest Park in an exciting contest that resulted in a 5 to 4 score. This is the third game of the tournament. The other games resulted: Freshmen 11, sophomores 6; juniors 6, freshmen 2.

THIS IS POSITIVELY YOUR LAST CHANCE TO BUY  
Railroad Lands  
at \$75 to \$100 per Acre,  
\$15 Cash, \$1.00 per Month  
In the heart of development, on the line of two railroads, in 10 minutes' run of two rapidly growing cities, where river and railroad transportation meet.  
The Railroad Company wants to attract settlers along their line—that is why such good land is being offered at such low prices. The chance to buy land of this quality at these prices will never occur again in California.  
This land grows 5 to 6 crops alfalfa per year. Almonds, oranges, lemons, figs, prunes, tokay and muscat grapes, strawberries and other small berries, potatoes and other truck crops grow to perfection on this land.  
Chicken and hog raising and dairying are very profitable industries in this section.  
For the accommodation of those who can not see us during our regular office hours we are going to keep open all this week until 9 p.m.

Heartburn, Gas, Indigestion and All Stomach Misery Vanishes.

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourness and stomach in five minutes, besides overcoming all foul, Nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 50-cent case of Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as Heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Bloating and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your Stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one 50-cent case is sufficient to cure a whole family of such trouble.

Diapiesin, a harmless, inexpensive preparation like Pape's Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable thing as you could have in the house.

LOS ANGELES WORRIED  
OVER 190,000 VOTERS

LOS ANGELES, Nov. 15.—With a total registration of more than 190,000, election officers in Los Angeles are facing one of the most vexing problems in arranging voting booths to accommodate all.

In some precincts more than 2000 voters are registered; in others it ranges from 500 to 1800. According to officers, it is a physical impossibility for all of those registered in the larger precincts to vote within the 12 hour limit. To cast 1500 votes in any one precinct would require the casting of 125 votes an hour, or more than two a minute, and this cannot be done.

Officers yesterday said the plan most likely to be adopted would be that of placing more polling booths in each precinct and furnish all with a duplicate set of registration books.

SANTA CRUZ TO BUILD  
ROAD TO WATSONVILLE

SAN JOSE, Nov. 15.—If the State Highway Commission will build a road connecting San Jose, Los Gatos and Santa Cruz through the Santa Cruz mountains via the Los Gatos canyon, the people of Santa Cruz county stand pledged to build a road connecting Santa Cruz with the main highway down the coast at Watsonville. This is the statement made by Duncan McPherson and other members of the Surf City delegation which attended a mass meeting held at Los Gatos last night in the interests of a state highway over the mountains. McPherson said that San Jose and Santa Cruz are certain of the highway, because they are county seats.

Oakland Motordrome Will Again Be  
Scene Sunday of Sensational Races

Caught on the fly. Walters in the lead, with Balke close on his trail in the 10-mile free-for-all race at the motordrome last Sunday.

Manager Jack Prince has announced his program for next Sunday's meet at the Motordrome. Several events have been added to a card which in some respects may be likened to the list of events which proved decidedly interesting at the first afternoon of the new sport, last Sunday.

Motorcycling apparently will be the sport to whet the appetites of the excitement loving public during the coming months and if the races of last Sunday can be duplicated each week, there should be monster houses to greet the riders on each occasion.

Eight and possibly nine events will be held. The feature race of the day will of course be the free-for-all motorcycle professional event. The next time the motorbike stars clash in this final heat Walters is apt to find it a more difficult matter to reap a victory. Albright, Armstrong and Balke are out to win. Of these three, Balke is Walters' most dangerous opponent; in fact there is such a little difference between the two that the result of any event in which both

are entered is not known until the very last few feet are traveled.

Five professional and three amateur races is the way the program reads. Of the three last named, at least two should be very exciting. The entry list undoubtedly be a large one and the entrants among the best riders in the State. Northup, Walker and Lorenson are all good riders and with just a little more experience any one of them will make good in the professional class.

It is safe to assert that ninety per cent of the spectators at the opening meet came away from it satisfied that the excitement furnished by the eastern cracks in the professional class was far greater than ever seen at any automobile or motorcycle meet in the history of this sport in Northern California. The speed attained is almost beyond comprehension. Eighty-seven miles an hour was the average in the ten-mile heat. Figure-per-mile the rate of speed was just a little over forty seconds for the distance. Every minute they are in action the lives of the daredevils who pilot these high

speed machines hang by nothing stronger than a thread. A mishap of the slightest nature might result disastrously and yet, week after week, they follow this dangerous calling for the big purses hung up for the winners.

As an added attraction for next Sunday an automobile race ten miles in length is planned. A sanction has been applied for, and if granted, Promoter Prince will bring together the available racing cars in this vicinity. Among the possible entrants are the Maxwell, driven by Earl Cooper; the eight-cylinder Comet, a Chalmers 40, driven by Cyril Cotten; a skilled young Oakland pilot, and a Roa, owned by the Roa-Pacific Company of this city. The securing of this card will afford an opportunity for comparing the relative merits of the automobile and the motorcycle from a standpoint of public interest, with respect to the thrills each produces.

Better street car service has been promised for getting the patrons to and from the grounds and a more systematic and expeditious method arranged for handling the spectators at the grounds.

ART WINDOWS FOR  
ST. MARY'S CHURCH

Even Dozen Stained Glass Creations Will Soon Be Installed.

St. Mary's Catholic Church on Jefferson street, between Seventh and Eighth streets, of which Rev. E. P. Dempsey is the pastor, will soon be made one of the most beautiful and completely appointed churches of that denomination in this archdiocese by the installation of twelve stained glass windows from Munich, Bavaria.

The windows have already arrived in this country and will soon be on their way to this city. They will take the place of windows of a plain character which have done duty since the completion of the present structure. They are in fact in height and represent some incident in the life of the mother of the Savior. Each window is to cost between \$400 and \$500, making an expenditure of about \$6000. When Rev. E. P. Dempsey announced his purpose of beautifying the church with new windows and stated that a dozen windows were required, fifteen individual volunteers agreed to erect a window as a memorial. As a consequence there were three volunteers whose liberality may later have to be accommodated.

SAN JOSE ASKS THAT  
DRYDOCK BE IN BAY

SAN JOSE, Nov. 15.—At the weekly luncheon of the Chamber of Commerce yesterday E. A. Hayes, Congressman from the Fifth California District, submitted a set of resolutions to congress that if passed would place the projected new dry dock of the San Francisco bay. Hayes' time was limited and he made only a brief address, urging the claims of San Francisco to this government concession and showing that any big thing which San Francisco gains is sure to benefit the bay. The luncheon was held at the St. James Hotel.

The resolutions were passed unanimously at this evening's meeting of the board of directors of the Chamber of Commerce and will be forwarded to the proper authorities at Washington.

POSTMASTER PLEADS  
GUILTY; GETS 3 YEARS

FRESNO, Nov. 15.—Harvey C. Walker, postmaster at Traver, California, until he was arrested for embezzlement by the postal authorities, yesterday pleaded guilty to the charge before Judge Wolfborn of the Federal Court, and was sentenced to three years in the United States penitentiary on McNeil's island, Puget Sound. Walker pleaded guilty to the theft of \$10,651 from the government while employed as postmaster at Traver, his home for many years. Before his appearance in the Federal Court here Walker was at liberty on a cash bail of \$3000.

AMERICANS ARE KILLED

PRESIDENT FAVORS  
FEDERAL CHARTER

Taft Will Not, However, Oppose Amendments to Anti-Trust Law.

WASHINGTON, Nov. 15.—President Taft is not inclined to approve any amendments to the Sherman anti-trust law unless it becomes apparent that Congress will not pass a Federal incorporation act. The president indicated this yesterday.

Taft is anxious to have some legislation to clear up the situation for business men, so they may realize exactly where they stand; but he made it plain that he preferred to see the change in the regulation of commerce accomplished through Federal charters which could provide for corporations certain defined limitations. He let it be known that should that prove impossible, he would endorse amendments to the Sherman law pointing out specifically what big business may not do.

It is the president's idea that if the Sherman law be amended it should define specifically what constitutes offense against it. Creating competition, combination to ruin competitors, to raise prices or other acts of the kind should be specifically named, in his opinion.

WHAT HE WANTS.  
President Taft also believes that the amendments, if made, should be framed so as to make it unnecessary for the government to prove that a combination, which has come to operate in restraint of trade, originally was intended for that purpose, as is now the case.

There would be considerable risk in any attempt to amend the Sherman law, the president has been told, and it is believed he shares this view. He has made it plain, however, that he will not sympathize with any attempt to emasculate the Sherman law, and he again today expressed the sentiment that he had no sympathy with the statement that business men did not know when they were doing wrong.

After the cabinet meeting yesterday the president indicated that recommendation for the trust legislation in his message to Congress would be along these lines. No bill will be prepared, the president merely recommending the legislation. If the members of the cabinet advised the president to make his message short, and he adopted their views.

ALLEGED ICE COMBINE  
TO BE INVESTIGATED

FRESNO, Nov. 15.—The alleged existence of an ice trust in Fresno will be probed by the county grand jury, which began active work yesterday. N. J. Levinson, editor of a local evening paper, appeared before the inquisitorial body and gave what information he had. It is charged that local ice companies have formed a combine in order to boost up prices during the summer of 1912. The grand jury was informed by Levinson that a Fresno brewery was forced to sell its ice plant because of a threat from the combine to the effect that another brewery would be built or a bottling plant of another brand of beer established here.

TOWN WOULD THROW  
OUT BIG GAS PLANT

PORTERVILLE, Nov. 15.—Residents of the south district are preparing a petition asking the city council to remove from the residence district south of the Tule plant of the Home Gas Company. This action is being taken in the face of an extended written opinion which was filed with the council by the city attorney not long ago in which the statement was made that a gas plant or a factory of any kind is not a nuisance, and the matter of its being a damage to property surrounding would be for the courts to decide, as the result of a civil action brought by the owners of property surrounding.

CANDIDATE HURT  
IN AUTO CRASH

With Publisher He Is Caught Under Machine When it Goes Into Ditch.

PHOENIX, Ariz., Nov. 15.—W. D. Fisk, Republican candidate for state treasurer, and E. J. Barron, publisher of the Globe Democrat, both men residing in Globe, were victims of an automobile accident 17 miles east of Posa City yesterday.

Driving along the road, coming into Phoenix, the steering gear of their automobile broke, and the car dashed into a ditch. It overturned, both men being pinned beneath it until rescued, some time later, by a party of cowboys.

Fisk suffered a bruised leg, but Barron was rendered unconscious for several hours and physicians state he may be internally injured.

A. G. Hullett, who came along in his automobile two hours after the accident, brought both men to the hospital here.

AGED CHAUFFEUR DRIVES  
CAR IN FRONT OF TRAIN

WHITTIER, Cal., Nov. 15.—Louis Lodge, 71, said to be the oldest licensed chauffeur in California, is recovering today from injuries received when a Pacific Electric Interurban train ran his automobile down at Downey near here. According to the crossing flagman, Lodge, who was alone in the machine, failed to hear the train and drove onto the tracks directly in front of it. His car was dragged 100 feet after the collision.
